MINUTES OF HYDRO-ELECTRIC INQUIRY COMMISSION

The Secretary received from the Hon. the Minister the receipt of a letter, dated 1st November, from the Hon. the Minister of the Privy Council, submitting a resolution setting out the proposed amendments in reference to the acquisition of the Central Ontario System as a public municipal undertaking. The Secretary was directed to acknowledge the letter and advise the Public Utilities Commission that a hearing would be held in reference to the Central Ontario System on November 12th and to state that the Public Utilities Commission have the privilege of having representatives of that bodying.

VOLUME III

The Secretary reported to the Commission that Louis Egan, Secretary of the Canadian Vice (1st November, 1922 - 31st March, 1923) telephone and that he would state at a later date when he would be in a position to meet the Commission.

MINUTES OF HYDRO-ELECTRIC INQUIRY COMMISSION

COPY

VOLUME III

(1st November, 1932 - 21st March, 1933)

TORONTO,
2nd November, 1922.

In dealing with the matter of the personnel of the various departments required to bring to completion the work under review it was decided that Commissioner Ross would investigate this matter thoroughly and report his recommendations at a subsequent meeting of the AGENDA.

1. Minutes of previous meeting.
2. Presentation of programme report by Commissioner R. A. Ross.
3. General Business.

The Commission met at 10:30 A.M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

TORONTO,
2nd November, 1922.

The Minutes of the previous meeting were read and approved.

The Secretary reported to the Commission the receipt of a letter, dated 1st November, from the Public Utilities Commission of Kingston, submitting a resolution setting forth their attitude in reference to the acquisition of the Central Ontario System as a Hydro municipal undertaking. The Secretary was directed to acknowledge the letter and advise the Public Utilities Commission that a hearing would be held in reference to the Central Ontario System on November 14th and to state that the Public Utilities Commission have the privilege of having representatives at that hearing.

The Secretary reported to the Commission that Louis Kon, Secretary of the Canadian Electrical Association, had been reached by telephone and that he would state at a later date when he would be in a position to meet the Commission.

Commissioner R. A. Ross then presented his report and proposed organization diagrams regarding the procedure of the work of the Commission dealing specifically with the methods to be followed in arriving at "system reports" and "general reports". The recommendations of Mr. R. A. Ross are contained in a separate memorandum entitled "Report dated November 1st, 1922", accompanied by a schematic diagram illustrating in a graphical way the general procedure proposed.

After full discussion and consideration of the recommendations made the scheme outlined by Mr. Ross was approved of and it was agreed that Commissioner Ross would make it his special duty to see that the work contemplated by the diagram as referred to in his report and indicated by the diagrams would be followed out.

THURSDAY,
2nd November, 1933.

AGENDA

1. Minutes of previous meeting.
2. Presentation of programme report by Commissioner H. A. Ross.
3. General business.

The Commission met at 10:30 A.M.

Present:

The Chairman,
Mr. H. J. Kenny,
Mr. Lloyd Smith,
Mr. J. A. Ross,
Mr. H. A. Ross,
also the Secretary.

The Minutes of the previous meeting were read and approved.

The Secretary reported that the Commission the receipt of a letter dated 1st November, from the Public Utilities Commission of Michigan, advising a resolution relating to their attitude in reference to the acquisition of the Central Ontario System as a Hydro-Electric undertaking. The Secretary was directed to acknowledge the letter and advise the Public Utilities Commission that a meeting would be held in reference to the Central Ontario System on November 14th and to state that the Public Utilities Commission have the privilege of having representatives at that meeting.

The Secretary reported to the Commission that Louis Ross, Secretary of the Canadian Electrical Association, had been reached by telephone and that he would state at a later date when he would be in a position to meet the Commission.

Commissioner H. A. Ross then presented his report and proposed certain action diagrams regarding the procedure of the work of the Commission dealing specifically with the method to be followed in arriving at "system reports" and "general reports". The recommendations of Mr. H. A. Ross are contained in a separate memorandum entitled "Report dated November 1st, 1933", accompanied by a schematic diagram illustrating in a graphical way the general procedure proposed.

After full discussion and consideration of the recommendations made the scheme outlined by Mr. Ross was approved of and it was agreed that Commissioner Ross would make it his special duty to see that the work undertaken by the diagrams as referred to in his report and indicated by the diagrams would be followed out.

In dealing with the matter of the personnel of the various departments required to bring to completion the work under review it was decided that Commissioner Ross would investigate this matter thoroughly and report his recommendations at a subsequent meeting of the Commission.

The Legal Adviser, Mr. Wegenast, and his Assistant, Mr. Foster, were then called and Mr. Wegenast proceeded to outline his general recommendations regarding the Public Hearing to be held at Guelph on the morning of November 9th. Mr. Wegenast was directed to continue his work in this connection and on his recommendation it was decided that Mr. E. J. Carter or Mr. J. M. Taylor both of Guelph would be asked to appear before the Commission on Friday, November 15th.

The meeting then adjourned.

Mr. E. J. Carter,

Mr. Lloyd Harris,

Mr. J. M. Taylor,

also the Secretary.

also the Secretary.

TORONTO,
4th November, 1922.

The Commission met at 10:30 A.M.

Present:

The Chairman,

Mr. M. J. Haney,

Mr. Lloyd Harris,

also the Secretary.

Mr. J. M. Taylor, of Guelph, Ont., was interviewed by the Commission and gave a brief outline of the negotiations which led to the acquisition of the Guelph Street Railway System by the H.E.P.C., and also reviewed at some length the operation of this road under the management of the H.E.P.C.

Stenographic notes of the meeting were taken by Miss McLean.

In discussing the names of those witnesses who would be required to appear at the public hearing to be held in Guelph on Thursday, November 9th, the Secretary was directed to send subpoenas to Sheriff Allan at Guelph, to be served on the following persons:

E. J. Carter Ex-Mayor, Guelph, Ont.

Frank McArthur City Engineer, Guelph, Ont.

George G. Thorpe Collector of Customs, Guelph, Ont.

J. W. Lyon President, Ontario Hydro-Electric Municipal Association, Guelph, Ont.

T. J. Hannigan Secretary, Ontario Hydro-Electric Municipal Association, Guelph, Ont.

G. Powell Hamilton Treasurer, Hydro-Electric Railway Association of Ontario, Guelph, Ont.

Immes McIntosh "Mercury", Guelph, Ont.

Harry Gummer "Herald", Guelph, Ont.

J. M. Taylor President, Guelph Junction Railway Co.,
Guelph, Ont.

(137)

In dealing with the matter of the personnel of the various departments required to bring to completion the work under review it was decided that Commission should investigate this matter thoroughly and report his recommendations at a subsequent meeting of the Commission.

The legal adviser, Mr. Wagoner, and his assistant, Mr. Foster, were then called and Mr. Wagoner proceeded to outline his general recommendations regarding the Public Hearing to be held at Guelph on the morning of November 22nd. Mr. Wagoner was directed to continue his work in this connection and on his recommendation it was decided that Mr. E. L. Carter or Mr. J. E. Taylor both of Guelph would be asked to appear before the Commission on Friday, November 12th. The meeting then adjourned.

TORONTO,
4th November, 1922.

The Commission met at 10:30 A.M.

The Minutes of the meetings of Saturday, November 4th and Tuesday, November 7th were read and approved.

The Secretary advised the Commission that all subpoenas for witnesses to appear at Guelph had been served, with the exception of the subpoena to be served on Mr. T. J. Hannigan. The Secretary was directed to try and locate Mr. Hannigan and have the subpoena served today.

The Secretary read a letter, dated November 7th, signed by Mr. Louis Ken, on behalf of the Canadian Electrical Association, which stated that the Association would communicate with the Commission after the meeting of their Executive, which would be before the end of November.

Commissioner R. A. Ross then proceeded to make certain recommendations looking to the hastening of the work of the engineers. He submitted for consideration the desirability of having Mr. Brown, partner of Walter J. Francis, work in co-operation with Mr. Francis in preparing engineering reports of the smaller H.E.P.C. developments and systems throughout Ontario. The Commission gave serious consideration to the recommendations and asked Mr. Ross to discuss the matter with Mr. Francis and bring down a definite proposition for consideration.

In considering the progress of the work of inquiry, with respect to the Chippewa development, Mr. R. A. Ross reported that he had on different occasions requested Mr. Gaby to supply the information asked for in a letter addressed to him last April but had not succeeded, so far, in getting definite results. It was decided that a formal letter would be written to the H.E.P.C. in this connection, the Secretary being directed to prepare same for the signature of the Chairman.

In reference to the Public Hearing to be held in connection with the Central Ontario System it was decided that subpoenas would be served on the following persons:

Honourable G. Howard Ferguson,
Honourable T. W. McGarry,
Sir William Hearst,
Dr. J. M. Reid,
Sir Adam Beck,
Mr. F. A. Gaby,
Mr. W. W. Pope.

The Secretary then brought up the question of payment to Walter J. Francis during the period of his illness. It was decided that, inasmuch as Mr. Francis' partner had been acting for him and carrying on the work without interruption, the usual payment to Mr. Francis would be made.

The meeting then resolved itself into a discussion of the various questions to be taken up at the Guelph Public Hearing to be held on Thursday, November 9th.

Mr. Foster of the Legal Department, presented a brief, being a com-

The purpose of the meeting is to discuss the progress of the work and to decide on the future course of action.

The meeting was held at the residence of Mr. J. H. Smith, 1234 Main Street, New York City, on the 11th of November, 1911.

pilation of all the information received to date in connection with the subject and a copy of this brief was left for the consideration of the Commission.

Mr. Guilfoyle, as per arrangement made, then presented to the Commission an operating statement of the Guelph Radial Railway, for the period from November 1st, 1921, to October 31st, 1922.

In connection with this statement it was specifically noted that the H.E.P.C. have not, as yet, made any provision for renewals in the operation of this Railway System.

Mr. Guilfoyle was requested to bring down a statement, showing the capital assets of the Guelph Radial Railway to date, showing therein, specifically, the amounts that had been expended on the railroad since its acquisition by the H.E.P.C., sufficiently analysed to show the distribution of capital with respect to rolling stock as distinct from other items of general rehabilitation.

Mr. Guilfoyle was requested to be present at the Public Hearing at Guelph.

The Meeting adjourned at 1.50 o'clock.

TORONTO,
November 10, 1922.

to the staff of the Legal Department at a salary of Two hundred and fifty dollars (\$250.) a month, the continuance of his services to be at the pleasure of the Commission.

The Secretary reported to the Commission that Mr. William H. Onken, Jr., Editor of the Electrical World, published by the McGraw-Hill Company, 10th Avenue at 36th Street, New York City, had made a request that he be given access to the records of the Commission setting forth the proceedings of the public hearings that have been held up to the present time and further that he be given information as to the dates on which future public hearings would take place. It was stated that Mr. Onken required the information so that they could make editorial comment in the "Electrical World" on the subjects being inquired into. After considering the request of Mr. Onken the Commission directed the Secretary to advise him that the records in the files of the Commission and that the nature of their findings on the evidence taken would be available in the reports as issued by the Commission at a later date. The Secretary was further directed to advise Mr. Onken that, if he wished to be present at any of the Hearings, they were of a public character and he had the privilege of being present and taking his own evidence in the same manner as the general public and the representatives of the Press and other bodies interested in the subjects of the inquiries.

Commissioner R. A. Ross reported to the Commission that he had interviewed Mr. Walter J. Francis in reference to the appointment of Mr. Frederick B. Brown to cooperate in hastening the work of the engineering department. Mr. Ross reported that Mr. Brown would charge only for the time that he found absolutely necessary to devote to this work and would carry on the same from the Montreal office of Messrs. Walter J. Francis & Company. Remuneration to be at the rate of One hundred dollars (\$100.) per day, which would include all expenses.

On receipt of confirmation of the proposal, from Mr. Francis, it was decided that the same would be accepted in order that the progress of the work might be hastened.

Mr. Bonthron, of Price, Waterhouse & Company, then presented to the Commission reports on the following systems;

St. Lawrence System,
Rideau System,
Bonnetochere River Storage System,
Muskoka System,
Wasdell System,
Ottawa System,

together with three (3) copies of detailed memoranda re the general accounting system supported by two (2) volumes of accounting forms used in the general accounting system.

10 th November, 1922.

Mr. Bonthron then reported to the Commission the progress of his brief investigation into the Minutes of the H. E. P. C. and he was instructed to continue his investigation and make a full report in reference to the Minutes and their relation to the various actions taken by the H. E. P. C. and policies adopted by them.

Mr. Bonthron then discussed with the Commission various questions arising out of the inquiry into the Central Ontario System and the report of Price, Waterhouse & Company on this system.

During the discussion with Mr. Bonthron various other questions were discussed relative to depreciation accounts, renewal reserves, sinking funds, etc.

As per instructions given, Mr. Guilfoyle, then presented to the Commission in draft form analysis of H. E. P. C. expenditures, with respect to the Central Ontario System, amounting to approximately Four Million Dollars (\$4,000,000.) to the end of September, 1922. Mr. Guilfoyle was requested to complete his statement and show thereon the general nature of the works on which the moneys had been spent and the actual benefit accruing from the expenditures so made.

Mr. Guilfoyle was further requested to prepare an operating statement of the Central Ontario System, as a whole, up to October 31, 1922, and have same ready for presentation at the Public Hearing on Tuesday, November 14th.

Mr. Bonthron was requested by the Commission to be present at the Public Hearing on Tuesday, November 14th.

Mr. Latimer, representing the Legal Department, was present during the interview with Messrs. Bonthron and Guilfoyle, and Mr. Gracie of the staff of Price, Waterhouse & Company was also on hand with respect to the report submitted by Mr. Bonthron.

It was decided that a special meeting of the Commission would be held at three o'clock on Monday afternoon, November 13th, for the purpose of reviewing the subjects to be taken up at the Central Ontario Hearing.

Commissioner Lloyd Harris presented a report of a special committee of the Senate of Canada, dated at Ottawa, June 15, 1920. The Secretary was directed to have a copy of the report prepared for each Commissioner.

The Meeting then adjourned.

A G E N D A

1. Minutes of previous Meeting.
2. Business arising out of Minutes.
3. Interview with Mr. C. D. Henderson.
4. General Business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the previous Meeting were read and approved.

As per arrangement made, Mr. C. D. Henderson was called upon and gave a general review of electrical retail sales in the Province of Ontario and the effect on this branch of the electrical business by the H. E. P. C. merchandising policy.

Stenographic notes of Mr. Henderson's interview were taken by Miss McLean.

A request, made by Mr. E. T. Jeffrey to the Chairman, that he be permitted to meet the Commission and explain some of the evidence given at the hearing on rural lines held in Toronto on November 7th, was discussed and it was decided that Mr. Jeffrey would be asked to appear.

Mr. Henderson advised the Commission that Mr. Harry E. Hicks was the President of the Ontario Association of Electrical Contractor Dealers and the Secretary was directed to write to Mr. Hicks, drawing to his attention the nature of the work being carried on by the Commission.

Mr. Henderson promised to send to the Commission a list of names of representative electrical dealers throughout the Province of Ontario.

Mr. Henderson withdrew from the Meeting at 12.30 o'clock.

The balance of the Meeting was devoted to a general discussion, the Secretary reporting that an executive session would be held in the after-

14th November, 1922.

noon at which Commission E. A. Ross and representatives of the Legal Department would be present. Mr. E. A. Ross advised that the meeting would be for the purpose of making definite plans for the future public hearings and recommendations would be submitted for consideration at the Meeting on Wednesday, November 15th.

A letter, dated November 4th, from Walter J. Francis, dealing with the proposed appointment of Mr. Frederick B. Snow in connection with the studies of the engineering economics of the thirteen (13) systems of the H. B. F. Co., was submitted for the consideration of the Commission and the terms thereof were approved, the Secretary being directed to acknowledge the letter and confirm the arrangement referred to therein.

The Meeting then adjourned.

TORONTO,
15th November, 1922.

AGENDA

- 1 - Minutes of previous Meeting.
- 2 - Business arising out of Minutes.
- 3 - Interview with Mr. Benthron of Price, Waterhouse & Company, relative to reports recently submitted.
- 4 - Consideration of programme for public hearings to be held on the various systems.
- 5 - General Business.

The Commission met at 10.30 A. M.

PRESENT

- The Chairman,
- Mr. H. J. Hurry,
- Mr. Lloyd Harris,
- Mr. J. A. Ross,
- Mr. E. A. Ross,
- also the Secretary.

TORONTO,
November 15, 1922.

The Minutes of the previous Meeting were read and approved.

Mr. Bonthron, of Price, Waterhouse & Company, was called upon and reviewed in general detail the report presented to the Commission, entitled "Detail Memoranda re General Accounting System."

The chief item referred to in this report was the policy of the H. E. P. C. in reference to their Insurance Department. Mr. Bonthron was instructed to go into this matter fully and verify insurance rebates made to the H. E. P. C. on insurance premiums and generally to comment on the manner in which their insurance policy is being carried out.

Mr. Bonthron then referred to the salient features disclosed by the following reports:

St. Lawrence System,
Bonneschere System,
Muskoka System,
Ottawa System,
Rideau System,
Waddell System.

Out of the discussion of these reports the question of H. E. P. C. estimates came definitely under discussion. It appears from the reports that the High Falls development, included as part of the Rideau System, was originally estimated to cost \$340,000 and ultimately cost \$695,000.

A general discussion took place, regarding H. E. P. C. estimates and Mr. Bonthron was directed to make a special investigation into this phase of the H. E. P. C. work and to bring down a report dealing with H. E. P. C. estimates as a whole, comparing them with the actual capital expenditures and showing therein how the procedure of the H. E. P. C., when estimated costs were exceeded, is reflected in:

- (a) The Minutes of the Commission:
- (b) Request to the Government for another appropriation.

In this connection Mr. Bonthron was directed to continue the scope of his investigation into estimates and show the relation of the estimates shown by the H. E. P. C. to municipalities, covering the cost of power, to the actual charges made for power after the system had been put in operation.

Speaking specifically of the Bonneschere System, it appears from the report that the H. E. P. C. have never had an enabling Order-in-Council passed authorizing them to carry on the operations of that system and that there exists, at the present time, some doubt as to whether the H. E. P. C. can collect from the municipality of Renfrew a levied amount of \$7,116, which the H. E. P. C. claim they are in default on account of other municipalities not bearing their proportionate share of the burden relative to the interest charge made on account of capital expended in the construction of storage

TORONTO,
15 November, 1922.

dams to supply water to certain privately owned electrical developments.

In reference to the Muskoka System the report shows that the H. E. P. C. have deviated somewhat from standard practice in reference to provision for sinking fund, in as much as, while the Gravenhurst sinking fund period is thirty years, the sinking fund period for Huntsville is set at sixteen years.

The Chairman brought to the attention of the Commission the proposal that the hearing on the Central Ontario System be definitely set for 10.30 o'clock on Tuesday, November 21st. The proposal was approved of.

The question was raised as to the progress that was being made on the Nipigon Report. The Chairman advised that a draft of the report would, in all probability, be ready for presentation by him at the Meeting on Thursday, November 16th or Friday, November 17th.

Mr. Benthron was requested to appear before the Commission and go into his report on the Central Ontario System at the Meeting on Thursday, November 16th.

The Secretary brought to the attention of the Commission the proposed programme for the hearings but definite decision was postponed until the next meeting.

The Meeting then adjourned.

TORONTO,
16th November, 1922.

AGENDA

- 1 - Minutes of previous Meeting.
- 2 - Business arising out of Minutes.
- 3 - Consideration of Nipigon Report.
- 4 - General Business.

The Commission met at 10.30 A.M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The reading of the Minutes of the previous Meeting was postponed, the Commission entering into the study of the draft of the Nipigon report submitted for consideration by the Chairman.

The report was considered in detail and certain minor changes agreed upon.

It was decided that the necessary alterations in the report should be made and that it should be re-written and submitted to the Government immediately.

The Secretary proposed to the Commission that a public hearing in connection with the St. Lawrence System and matters especially affecting the town of Cornwall be held in Cornwall on Friday, November 24th, if this date proved convenient to the municipalities being represented at the hearing.

The Meeting then adjourned.

AGENDA

TORONTO,
17th November, 1922.

and, therefore, a lower level of risk. The results of the study suggest that the use of a risk assessment tool can help to identify and manage risk, and that the use of a risk assessment tool can help to identify and manage risk.

[illegible]

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the history of the world because it helps us to understand the world we live in today.

TORONTO,
17th November, 1922.

The Commission met at 10.30 A.M.

PRESENT:

The Chairman,
Mr. M. J. Casey,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the Meetings of November 13th and 16th were read and approved.

As per arrangement, Mr. Southron, of Price, Waterhouse & Company was present and a complete review was made of the report entitled "Reports upon accounts of the Central Ontario System."

Mr. Southron withdrew from the Meeting at 12.30 o'clock and Messrs. Clarkson and Guilfoyle were then called upon and a review of certain features of the Central Ontario System was continued until 1.30 o'clock, when the Meeting was adjourned until 3.00 o'clock.

The interview with Messrs. Clarkson and Guilfoyle was continued at 3.00 o'clock and directions were given by the Commission that the exhibits, presented by Mr. Clarkson for consideration, should be completed for the information and records of the Commission.

Messrs. Clarkson and Guilfoyle withdrew from the Meeting at 4.30 o'clock.

As matters of general business, the Secretary then read to the Commission a letter received from Senator J. B. Reid stating that, on account of a previous engagement in New York, he would be unable to be present at the hearing on the Central Ontario System, on Tuesday, November 21st. The Secretary was directed to reply to the letter and state that the Commission would wire Senator Reid during the progress of the hearing and advise him on what date he would be called upon.

A letter from Mr. Walter Heigs, requesting information as to the date of the Central Ontario hearing, was placed before the Commission and the Secretary was directed to send the necessary information to Mr. Heigs.

The Secretary advised the Commission that the hearing on the St. Lawrence System could not be held on Friday, November 24th, by reason of the fact that the parties chiefly interested in the subject would not be available for hearing on that date.

A G E N D A

1. Minutes of previous meetings.
2. Business arising out of Minutes.
3. Consideration of Public Hearing, Cornwall, Ont.
4. General Business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the previous Meeting were read and approved.

Mr. Wagonet and Mr. Foster, of the Legal Department, were called upon and gave an outline of the various questions that have arisen in reference to the operations of the Hydro-Electric Power Commission in the St. Lawrence System.

It was decided that a public hearing in the interests of the St. Lawrence System would be held in Cornwall on Friday, December 1st and it was further decided advisable that, should the municipality of Cornwall desire to make representations in reference to its past relations with the Hydro-Electric Power Commission, especially in respect of the location of the Eugene Phillips Co., representatives from Cornwall would be heard at the same time.

The Secretary was directed to notify all municipalities within the St. Lawrence System of the date and nature of the hearing.

The Chairman then read to the Commission a letter, bearing date of November 16th, from Sir Adam Beck, in acknowledgment of the Chairman's letter of the same date. It was decided that the Commission would await the information requested until the end of the current month before taking any further steps in the matter.

TORONTO,
23rd, November, 1922.

The Commission was advised by the Chairman that it had been decided to continue the hearing on the Central Ontario System at ten-thirty o'clock in the forenoon of Tuesday, November 28th.

In this connection the Secretary raised the question as to whether it would not be advisable to request Mr. Strachan Johnston to be present at the hearing. After considering the matter, the Secretary was directed to see that Mr. Johnston was served with a sub-poena to be present at the hearing.

In connection with the Central Ontario System, the Secretary was directed to request that Messrs. Price, Waterhouse & Company give a statement, setting forth the cash value of the Hydro proposal that the System be acquired at a price of Eight million three hundred and fifty thousand dollars (\$8,350,000) payable in four per cent (4%) bonds in fifty (50) years, and also to obtain the cash value of the purchase as made by the Government in the amount of Eight million three hundred and fifty thousand dollars (\$8,350,000.) payable in four per cent (4%) bonds at ten (10) years.

The Secretary was further directed to request that the chief engineer of the H. E. P. C. be present at the hearing on Tuesday, November 28th, and have available the operating costs of the various companies which were acquired by the Government which costs, Mr. Gaby stated in his evidence, had been available to them before the purchase was made.

It was decided that Mr. Graham Bell, Deputy Minister of Railways and Canals, would be asked to be present at the hearing.

The Secretary advised the Commission that he had an appointment with Mr. Frederick S. Brown, at 12.30 o'clock, to go into all matters in reference to the reports to be prepared by Mr. Brown on the plants of the Central Ontario System and that it was proposed that all information, available in this office in the nature of reports from Messrs. Price, Waterhouse & Company and Messrs. Clarkson, Gordon & Milworth, would be made available for the use of the work in this connection.

The Meeting then adjourned.

Washington, D.C.

January 10, 1917

My dear Mr. [Name]

Dear Sir,

Thank you for your letter of January 8th.

The Committee was advised by the Division that it was unable to obtain the desired information from the Bureau of the Interior in the Department of the Interior, Department of the Interior.

In this connection the Committee wishes to state that it would not be desirable to request the Bureau of the Interior to furnish the desired information. The Committee has decided to request the Bureau of the Interior to furnish the desired information.

In connection with the desired information, the Committee has decided to request the Bureau of the Interior to furnish the desired information. The Committee has decided to request the Bureau of the Interior to furnish the desired information.

New York Office

TORONTO,
24th November, 1922.

Mr. Bonthron, of Messrs. Price, Waterhouse & Company, was then called and presented to the Commission a statement showing the cash worth of the purchase price of the Central Ontario System at eight million three hundred and fifty thousand dollars (\$8,350,000.) four per cent (4%) bonds -

(a) with a life of ten (10) years.

(b) with a life of fifty (50) years.

Some discussion took place in connection with a statement that has been made that the life of the bonds was reduced from fifty to ten years on account of the Nipissing section not having been included in the original negotiations. Considering the physical assets of the Nipissing system as compared with the actual difference in cash value of the two propositions, it would appear that, if no other consideration entered into the arrangement, the value received for the Nipissing system was far in excess of its actual physical value.

Mr. Bonthron was then instructed to prepare a statement from all information available, setting forth the operating condition of the Electric Power Company and its subsidiaries, prior to its purchase by the Ontario Government and to analyse the operating figures as set forth in the E. E. P. C. summary book, presented by the Commission as an exhibit by Mr. Gaby, at the public hearing on Tuesday, November 21st.

Mr. Bonthron then proceeded to inform the Commission regarding his investigation into the Insurance Department of the E. E. P. C. The investigations made by Mr. Bonthron not being completed, the Commission directed him to obtain the fullest information possible and lay it before the Commission in complete report form, at the earliest possible date.

On the retirement of Mr. Bonthron the Commission then discussed matters of a general nature, particularly in reference to the hydraulic test to be carried out in connection with the Chippawa development.

Commissioner R. A. Ross pointed out that the Shawinigan Power Company, in the Province of Quebec, are at present testing hydraulic capacities by the Gibson method and that, since these show some considerable difference from tests carried on by the titration method, it would be necessary to await the final results unless it proved practicable to make a test on the Chippawa canal by the use of a screen.

Mr. Wegemast and Mr. Foster, of the Legal Department, were then called upon and a general review of the situation in connection with the St. Lawrence System was gone into.

The Secretary reported to the Commission that, by appointment, he had interviewed Mr. Frederick B. Brown and discussed in detail the economics of the Central Ontario System and supplied Mr. Brown with copies of all reports in that connection.

1. 1990年12月15日

The above information was obtained from the files of the Department of the Interior, Bureau of Land Management, and is being furnished to you for your information.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the American Friends of the Soviet Union (AFSU) in the United States. The Commission is therefore unable to determine whether the AFSU is engaged in any activities which might be considered as a threat to the national security of the United States.

The work described in this report was supported by the Office of Naval Research, Arlington Hall Station, Washington, D.C., under contract N00019-67-0001.

1. The following information was obtained from the records of the Federal Bureau of Investigation, Bureau of Investigation, Department of Justice, Washington, D. C., on the subject of the above captioned case:

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of Nevada:

Development is a term which has been used in many different ways. In the context of the present investigation, it refers to the process of growth and development of the individual. It is a process which is continuous and which is influenced by many factors. It is a process which is influenced by the environment, by the individual's own characteristics, and by the interaction of these two factors. It is a process which is influenced by the social environment, by the physical environment, and by the psychological environment. It is a process which is influenced by the individual's own characteristics, by the individual's own experiences, and by the individual's own choices. It is a process which is influenced by the individual's own characteristics, by the individual's own experiences, and by the individual's own choices. It is a process which is influenced by the individual's own characteristics, by the individual's own experiences, and by the individual's own choices.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a long and detailed letter, covering many topics, including the state of the Union, the progress of the war, and the administration of the government. It is a very important document, as it provides a clear and concise summary of the President's views and policies at that time.

28th November, 1922.

Mr. W. D. Bonthron, of Messrs. Price, Waterhouse & Co.,
Mr. John Ferguson, Mayor of North Bay.

During the taking of the evidence, Hon. G. Howard Ferguson and representatives of the Hydro-Electric Power Commission supplied certain information.

Stenographic notes of the hearing were taken by Messrs. Nelson Butcher & Company, representing Mr. Coe.

The hearing was continued throughout the day but adjourned for lunch from 1.00 o'clock to 2.45 and again adjourned at 5.00 o'clock to be continued at 10.30 o'clock on Wednesday, November 29th.

29th November, 1924.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

COPY

The Legal Department was represented by Mr. Latimer.

The meeting was a continuation of the public hearing on the Central Ontario System and the witnesses called were:

Mr. W. D. Bonthron, of Price, Waterhouse & Company.
Mr. E. T. Jeffrey, of the H. E. P. C.
Mr. Hogg, Do Do
Mr. Ireland, Do Do

Stenographic notes of the hearing were taken by Messrs. Nelson Butcher & Company, representing Mr. Coe.

The Meeting was adjourned at 1.00 o'clock to be continued at 10.30 o'clock on Thursday, November 30, it being decided that Sir Adam Beck and Mr. Gaby would be examined at that time.

Mr. Gaby had been notified to attend the present session and advised that he would be available but, on being called, he was not present.

Sir Adam Beck, while sub-poenaed to be present at the hearing

29th November, 1922.

on November 21st and 22nd, was notified to attend the continuation of the hearing on November 23rd. On account of arbitration proceedings, in respect of the "Clean-up Deal", he was not available but it was stated to the Commission that he would be present on Thursday morning.

It was decided that an afternoon session would be held to go into the affairs of the St. Lawrence System in connection with the public hearing to be held in Cornwall on Friday, December 1st.

Afternoon Session:

The Commission met at 3.00 o'clock.

Present:

The Chairman,
Mr. R. A. Ross,
also the Secretary.

Mr. Foster, assistant to the Legal Adviser, assisted by Mr. Scraggie of the Legal Department, brought to the attention of the Commission his report in reference to the St. Lawrence System.

All matters in reference to H. E. P. C. operations in this district were carefully gone into.

In the interests of the investigation Mr. Foster was authorized to proceed to Cornwall the same evening and was further authorized to serve sub-poenas on any persons who, in his judgment, should be present at the hearing order that the investigation might be complete in all details.

The meeting was adjourned at 5.00 o'clock.

30th November, 1922.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The meeting was in the nature of a public hearing on the Central Ontario System, the witnesses called being:

5th December, 1922.

The Commission met at 11.00 A. M.

Present:

The Chairman,
Mr. S. J. Emery,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,

The Legal Adviser, Mr. Wagnast, acted as Secretary of the Meeting.

Mr. Walter J. Francis was present and verbally gave a general progress report.

He stated that a general inspection had been made of the existing districts and that, generally speaking, the plants were in satisfactory shape. A report is being prepared dealing with these plants specifically.

Mr. Francis had also, under circumstances of great difficulty, visited the Nipigon plant and the site of the proposed storage dam for Lake Nipigon which he said afforded ideal conditions for the creation of the storage capacity needed to utilize the rainfall of the district.

Mr. Francis reported that four units were now working at Chippewa, the fourth unit, manufactured by the Canadian General Electric Company, having proven very satisfactory and capable of producing some fifteen per cent (15%) more energy than had been expected.

The work of increasing the capacity of the Canal was progressing satisfactorily and Messrs. Tomlinson, Hauer and McDonald are removing the balance of the piles at the entrance of the Canal at Chippewa. The dredge "Beane" is about to commence to remove the earthwork of the temporary dam. The new dredge "Stewart" had been found very effective in dredging at Montrose.

Besides the reports on individual plants, a map had been prepared for Mr. Wagnast and reports were being prepared on distribution systems. In this matter progress had been somewhat slow because Mr. Jeffrey was pre-occupied with other features of the investigation.

Mr. Francis thought the fifth unit at Chippewa would probably be ready by the 15th January.

Mr. Francis read a report entitled "Engineering Data - The Ontario Power Company of Niagara Falls, report on Condition of Conduit No. 1" (Our No. 400-A.). The interest of this report consisted in its bearing in relation to the penstocks at Queenston. Mr. Francis gave his opinion that the steel conduit No. 1 of the Ontario Power Company, although in use for eighteen years, (18), was good for another fifty (50) years and he thought that corresponding duration could be expected of the steel penstocks at Queenston. Owing to the superiority of the system of jointing in the Queenston penstocks the efficiency, however, would be considerably greater.

The second pipe line of the Ontario Power Company was constructed of concrete and was twenty-five per cent (25%) more efficient than the steel conduit. The third conduit was now practically obsolete, particularly in

5th December, 1922.

view of the scrapping of generators Nos. 15 & 16. He thought that these generators would not be rebuilt and that the whole plant of the Ontario Power Company, and also of the Electrical Development Co. would ultimately take their places as stand-bys. Mr. Francis said that his studies, so far, had led him to believe that there might be a supply of water for one or both of these plants after the capacity of the Queenston-Chippawa Canal had been taken care of.

A discussion arose as to the amount of power available under the Treaty arrangements and Mr. Francis said he had not gone sufficiently far into this matter to come to definite conclusions as to the amount of water available.

Mr. Francis expressed the view that the question of the diversion of water at the Falls was not so much a question of scenic beauty as of capacity for carrying off the ice.

There was considerable discussion of the reasons for the increased demand for power which had already taken up the full load of the new unit at Queenston. Various explanations were offered for the increase and the Chairman felt that there should be some method of arriving at definite conclusions as to the items causing the increase. It was suggested that a statement should be prepared of the amount of the increase accounted for by the extension of lines and services.

It was agreed that Mr. Clarkson should be given an opportunity of being heard on Friday in connection with the hearing on the Central Ontario System.

It was also understood that, at tomorrow's meeting, the general programme for the immediate future should be considered.

The Meeting then adjourned.

6th December, 1922.

AGENDA

1. Minutes of previous meeting.
2. General Session.
3. General Business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. A. A. Ross,
also the Secretary.

COPY FOR ENCLOSURE TO

6th December, 1922.

The reading of the Minutes of the previous Meetings was deferred.

The Meeting was in the nature of a general session, consideration being given to the necessity of holding further public hearings with respect to the subjects and systems to be inquired into.

In this connection the secretary was directed to make the necessary arrangements for a public hearing to be held in connection with the purchase of the Ontario Power Company together with all details referring to the operation of this plant.

The Chairman brought to the attention of the meeting the fact that the H. E. P. C. have not, as yet, supplied all information as requested in a letter sent to them during April, which is referred to in the Commission's letter of April 26th, 1922, and Sir Adam Beck's reply thereto of

Commissioner R. A. Ross was asked to go into the matter with the H. E. P. C. and report progress at a subsequent meeting.

The Secretary advised the Commission that Mr. Graham Bell, Deputy Minister of the Department of Railways and Canals, would be available for a public hearing on Friday next, December 8th, in connection with water leases and water shortage in the Central Ontario System.

The arrangements were confirmed and it was decided that Mr. Clarkson would also be called and that Sir Adam Beck, Mr. F. A. Gaby, and Mr. W. W. Pope would be subpoenaed to attend the hearing.

The Secretary advised the Commission that he had interviewed Mr. Campbell of Messrs. P. S. Ross & Son, of Montreal, on Monday, the 4th inst., and that he advised that all records in connection with the Electric Power Company were in their possession and that they would gladly furnish any information upon receipt of the proper instructions from Mr. Strachan Johnston. The Secretary was directed to make official request to Mr. Strachan Johnston that the books and records be placed at the disposal of the Commission.

The Secretary then advised that various communications had been received from municipalities and persons, in answer to the circular letter issued bearing date November 7. It was decided that the requests for an opportunity to be heard would be considered and a definite programme submitted.

The question of the reorganization of the Legal Department came under review and, in this connection it was decided that the Chairman and Commissioner R. A. Ross would consult with the Legal Adviser with a view to arriving at some arrangement which would provide for the adequate disposal of the ever-increasing volume of work in connection with this department of the inquiry.

Consideration was given to the request by the H. E. P. C. that they be supplied with copies of all the reports submitted to this Commission by Messrs. Price, Waterhouse & Company. It was decided that, after the reports were submitted for the consideration of this Commission, copies of

same would in general be sent to the H. E. P. C. for their consideration. In this connection it was further decided that copies of all reports submitted to date would be supplied to the H. E. P. C.

The Meeting then adjourned.

7th December, 1922.

An informal meeting of the members of the Commission was, at the request of Hon. Mr. Drury, held in the Council Chamber at the Parliament Buildings, at 10 o'clock on the morning of Thursday, 7th December.

There were present at the meeting besides the Premier, Mr. L. L. Alsted and his counsel, Mr. McComber.

The Premier stated that negotiations between the Hydro-Electric Power Commission of Ontario and the Great Lakes Paper Company were proceeding and it was desired that the services of the members of the Commission might be made available in securing the execution of a contract between the Hydro-Electric Power Commission and the Great Lakes Paper Company.

After a general discussion of the subject the members of the Commission were requested to appoint some of their members to be present informally and unofficially at the negotiations now proceeding. At the suggestion of the Chairman, Mr. M. J. Haney, Mr. Lloyd Harris and Mr. R. A. Ross were requested to be present at a meeting to be held in the afternoon at the office of the Attorney-General.

7th December, 1922.

AGENDA

1. Minutes of previous Meetings.
2. Business arising out of Minutes.
3. Interview with Mr. G. T. Clarkson.
4. Mr. Walter J. Francis - report on accident at Ontario Power Company.
5. General Business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney.

7th December, 1922.

Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The meeting was in the nature of a special session held in the council chamber at the Parliament Buildings at the request of Premier Drury. There were present, besides the Commission;

The Premier,
Mr. L. L. Alsted, and
Mr. McComber.

At the request of Premier Drury, Mr. L. L. Alsted laid before the meeting the progress of his negotiations with the H. E. P. C. to date, in respect of the obtaining of a power contract for the Great Lakes Paper Company for the proposed plant to be located in or near Port Arthur or Fort William.

At the conclusion of Mr. Alsted's remarks the Chairman of the Inquiry Commission was requested to name a committee to sit in on further negotiations to be carried on between Mr. Alsted and the H. E. P. C. in the presence of the Attorney-General.

Mr. L. L. Alsted then retired and the Chairman appointed Commissioners H. J. Haney, Lloyd Harris and R. A. Ross to act as a committee following the Premier's request.

It was arranged that the H. E. P. C. representatives and Mr. L. L. Alsted should meet in the Attorney-General's office, at three o'clock in the afternoon, in the presence of the Attorney-General and the Committee above named.

The Meeting then adjourned.

8th December, 1922.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. H. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The meeting was in the nature of a public hearing being a continuation of the inquiry into the Central Ontario System.

Butcher & Company, representing Mr. Geo.

The Legal Department was represented by Mr. Latimer.

The hearing on the Central Ontario System was concluded at 1.45
o'clock.

12th December, 1922.

The Commission met at 12.00 o'clock.

Present:

The Chairman,
Mr. E. J. Haney,
Mr. E. A. Ross,
also the Secretary.

COPY

The reading of the minutes of the previous meetings was deferred.

The Chairman made a report to the Commission of the interview of
himself and Commissioner E. A. Ross with Mr. Wegenast. After a general
discussion thereon it was resolved that the engagement of Mr. Wegenast as
legal adviser of the Commission be, and the same was, terminated.

The members of the Commission expressed their desire that the valued
services of Mr. Wegenast should be available for the Commission when required.
Any work that the Commission may desire Mr. Wegenast to undertake shall be
specially allotted to him under definite instructions from the Commission;
such work to be executed by him in his own office. He shall render monthly
a bill for his services and the bill shall be taxed by the Taxing Officer
at Osgoode Hall. Any requests that Mr. Wegenast may make for information,
assistance or direction shall be made to the Commission through the Sec-
retary.

The action taken by the Chairman and Commissioner E. A. Ross was
approved.

Attention was next given to the matter of carrying on the legal

12th December, 1922.

and general work previously administered by Mr. Loganast. In this connection it was considered that Mr. Foster, who has acted as assistant to the legal adviser, was thoroughly capable of carrying on the work as evidenced by his showing in the past.

In this connection the Chairman had reported previously that the Attorney-General, in whose Department Mr. Foster had previously been engaged, had no objection to his continuing his connection with the Commission for the duration of the work. The Chairman advised further, however, that the Attorney-General had withdrawn his concurrence in this respect and had stated that, in view of Mr. Foster's previous connection with the Government work, his services would be required in connection with the coming session.

Mr. Foster was then called and he stated to the Commission that he had always considered his connection with the Commission as being subject to the wishes and requirements of the Attorney-General's office and that he had been given to understand that he would be required to act as assistant to the clerk for the Municipal and Private Bills Committee at the coming session, which would necessitate his severing his connection with the Commission on or about the middle of January but that he felt that the work with which he had been connected could be properly disposed of by that time and that he would be available to the Commission at such other times as he was not employed at the Parliament Buildings.

It was decided that immediate steps would be taken looking to the securing of another man to carry on the work.

The Meeting then adjourned.

Toronto,
December, 12th, 1922.

- 1 - Minutes of previous Meeting.
- 2 - Business arising out of Minutes.
- 3 - General Business.

The Commission met at 11.00 o'clock.

Present:

The Chairman,

Mr. H. J. Henney,

Mr. R. A. Ross,

also the Secretary.

13th December, 1922.

The Minutes of previous meetings, from and including December 6th, were read, amended and approved.

The Chairman read to the meeting a letter from the H. E. P. C., bearing date December 13th, 1922, making request for copies of reports received by the Inquiry Commission from Messrs. Price, Waterhouse & Co., as per decision recorded in the Minutes of the meeting of December 6th.

The Secretary was directed to take the necessary action in having the reports forwarded to the H.E.P.C. by them.

Commissioner R. A. Ross then reported to the Commission that he had been in consultation with Mr. Brown in reference to the engineering reports in connection with the Central Ontario System and other plants and that, in his opinion the work was progressing in a very favorable way and that the engineering reports, when presented, would contain all requisite engineering and economic data.

The Commission then entered into executive session, the Secretary withdrawing.

At 12.15 the Secretary was recalled and requested to inform the meeting in reference to the possible appointment of Mr. Douglas Hogg to carry on the detailed administration of the general work of the Commission which previously had been carried out through the medium of the legal department.

The Secretary informed the Commission that, in his opinion, Mr. Hogg had the necessary capabilities and general knowledge to properly fit him for carrying on the administration of the work in question, having regard to the fact that the work was of a most general nature, being the gathering together of information from all sources and compiling same into general reports for presentation to the Commission and that, in the matter of dealing effectively with questions of a purely legal nature, the staff of the legal department should be absorbed under his control so as to properly take care of this side of the work. In those cases where it was considered that outside legal advice should be obtained the services of Mr. Tegenast and others could be obtained.

The Secretary stated that the plan, as recommended, was predicated on the assumption that, should Mr. Hogg be appointed, his position would be that of Assistant-Secretary and his remuneration would be on the basis of Four Hundred and Fifty Dollars (\$450.) per month; the duration of his connection with the work to be at the pleasure of the Commission.

The Secretary further advised that, should the Commission see fit to make the appointment, he had no hesitancy in stating that Mr. Hogg, after becoming thoroughly familiar with the work, would properly carry out the functions which it had been contemplated Mr. Foster would undertake.

After due consideration, the Secretary was instructed to proceed with the arrangements with Mr. Hogg and was further instructed that the

22nd January 1901

The Committee of the Hydrographic Survey Commission, have the honor to acknowledge the receipt of your letter of the 17th inst.

The Committee have the honor to inform you that the same has been forwarded to the Hydrographic Survey Commission, and that the same will be dealt with as soon as possible.

The Committee have the honor to inform you that the same has been forwarded to the Hydrographic Survey Commission, and that the same will be dealt with as soon as possible.

Secretary and the staff under his control would now be responsible for the proper carrying out of the work heretofore administered by the legal department in addition to the other duties connected with the position.

The Secretary advised the Commission that the report from Messrs. Price, Waterhouse & Company, relative to insurance investigations, would probably take one week to complete as the examination of the policies, placed by the H.E.P.C. would probably require considerable detailed investigation.

The Secretary was instructed to get in touch with Mr. Bonthron, of Messrs. Price, Waterhouse & Company, and endeavor to have the work and expense connected with this inquiry reduced to the minimum.

The names of Mr. T. R. Muxtable, Mr. J. M. Deagle, Mr. T. R. Moore, and Mr. Roy E. Harris of The Bennington Electric Co., and Mr. M. I. Higgins, and Mr. H. J. Peter of Peter & Sylvester, were brought to the attention of the Commission and it was decided that a hearing would be arranged for 10.30 o'clock on Wednesday, December 20th, to hear these gentlemen.

Considering the desirability of inquiring into the purchase of the Ontario Power Company by the H.E.P.C., it was decided that a public hearing would be held at 10.30 o'clock on Tuesday, December 19th.

It was decided that the public hearing in connection with various complaints, raised by workmen and others in regard to the construction work on the Chippawa development would be arranged for at the earliest date possible during the month of January and the Secretary was directed to instruct Mr. Wegenast to prepare for this hearing.

The Secretary informed the Commission that Mr. W. J. Francis was prepared to table several reports in connection with his engineering investigations.

Instruction were given to have Mr. Francis appear at the Meeting on Thursday, December 14th.

The Meeting then adjourned.

Toronto,

Mr. R. A. Ross,
also the Secretary.

The reading of the minutes of the previous meeting was deferred and Mr. Walter J. Francis was called and presented his report being Chapter "J" entitled "QUANTITIES, Temporary Buildings and Commissariat for Construction."

The main points arising out of the discussion of the report were:

(1) Was the H. E. P. C. justified in building accommodation for the labor employed on the work and buildings for the housing of machinery and repair shops of a type which may be considered semi-permanent rather than temporary? Would not the usual type of contractor's building have been quite suitable?

(2) Would it have been possible for the H. E. P. C., having regard to the general shortage of housing accommodation at the time the work was in progress, to have located their buildings for housing labor in or near adjacent municipalities - having in view the possibility of disposing of the same, for housing purposes, when the work was completed?

(3) Was the unit cost of the buildings as erected fairly comparable with the unit cost of similar buildings, built for war purposes, during the same period?

COPY

The Chairman informed the meeting that a public hearing would take place on Tuesday, December 19th, in connection with the purchase of the Ontario Power Company and its subsidiary the Ontario Transmission Company, Limited.

The matter of taking up Mr. Francis' report on the Ontario Power Company accident was considered and it was decided that Mr. Francis would be examined on this report at the public hearing above referred to.

The Secretary was instructed to make a formal request to Mr. F. A. Gaby to have Mr. Harry Strickland, of the H. E. P. C. staff appear before the Commission at an early date.

Mr. Walter J. Francis informed the Commission that he had not yet received from Messrs. Mitchell & Hollinrake their physical inventory of the equipment used on the Chippawa power development. The Chairman informed Mr. Francis that he would immediately take the matter up with the Premier and ascertain, if possible, at what date this data would be available.

The Secretary informed the meeting that one of the staff of the Commission was given, unofficially, to understand that the H. E. P. C. had received an offer for the Braton Township pulpwood limits and pulp mill and that they were seriously considering the acceptance of same; also that it was understood that the H. E. P. C. had made application to the Government for Ten thousand dollars (\$10,000.) to carry on test borings in connection with another power canal at Niagara and that the application had been approved of; also that the H. E. P. C. application for an appropriation

to enable them to make certain alterations to the municipal railway at Peterboro had been approved of by the Government.

In connection with the public hearing to be held on Wednesday, December 20, the Secretary informed the Commission that Messrs. Huxtable, Deagle and a representative of the Bennington Electric Co. of Stratford in the person of Mr. Roy E. Harris, and Messrs. M. I. Higgins and H. J. Peter of Peter & Sylvester Co. had stated that they would be present and that the Electric Light and Water Commission of Gravenhurst had also been asked to send representatives.

In this connection the meeting was further informed that Mr. T. R. Moore, of Meaford, Ont., did not wish to be present, as the rate-payers of that municipality would, on January 1st, vote on a by-law at which time it is to be decided whether Mr. Moore's franchise for lighting the municipality will be continued or whether the H. R. P. C. will take over the power service to that municipality.

In connection with the public hearing on the Ontario Power Company, the Secretary was directed to forward a copy of the report of Messrs. Price Waterhouse & Company to the H. R. P. C.

The meeting then adjourned.

Toronto,
15th December, 1922.

AGENDA

1. Minutes of previous meeting.
2. Business arising out of Minutes.
3. Messrs. Bonthron & Landis, of Price, Waterhouse & Company, will present progress reports on:
 - (1) Investigation of H. R. P. C. estimates of capital expenditures.
 - (2) Investigation of H. R. P. C. estimates to municipalities on power rates.
 - (3) Investigation into insurance accounts.
4. Mr. Walter J. Francis, Engineering Report - Chapter "G".
- General Business.

DATE RECEIVED BY:

It is requested that you advise the Bureau of the results of your investigation.

[illegible]

It is suggested that the meeting be held at the home of the speaker, 1015 1st St. N.E., Washington, D.C. 20002, on the evening of the 15th of the month. The meeting will be held at 7:30 P.M. and will last about 90 minutes. The speaker will be Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation. The meeting is free and open to all. A light refreshment will be served. The speaker will discuss the current situation in the world and the role of the Federal Bureau of Investigation in maintaining the peace. The speaker will also discuss the recent activities of the Soviet Union in the Middle East and the role of the United States in the region. The speaker will also discuss the recent activities of the Soviet Union in the Middle East and the role of the United States in the region. The speaker will also discuss the recent activities of the Soviet Union in the Middle East and the role of the United States in the region.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the results of its investigation of the activities of the American Friends Service Committee in the Philippines.

15th December, 1922.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The reading of the minutes of the previous meeting was deferred.

Mr. Bonthron and Mr. Landis, of Messrs. Price, Waterhouse & Co., were called upon. They presented to the Commission three (3) copies of their report entitled "Extracts from Minutes of Meetings of Commissioners and Agenda therefor for the year 1918."

The general nature of the report was explained by Mr. Bonthron and it was decided that the report was of great value in the work of inquiry and Mr. Bonthron reported that it was his understanding that the officials of the H. E. P. C. would also consider the report of great value, inasmuch as there had never been carried out a regular system of indexing the minutes of the H. E. P. C.

Mr. Bonthron informed the meeting that the preparation of the report entailed some considerable expense and that, before proceeding with reports of a similar nature, for other years, he wished the Commission to be cognizant of this fact.

Having regard to the apparent value of the report to the H. E. P. C. it was decided that Sir Adam Beck, Mr. Gaby and Mr. Pope would be asked to attend a conference looking to some arrangement whereby the H. E. P. C. would bear all or part of the cost of preparing similar reports for other years. The Secretary was directed to arrange such a meeting for Thursday afternoon, December 21st.

Mr. Bonthron then proceeded to give a general review of the progress of his work to date:

(1) **INSURANCE:** In connection with this investigation, he stated that the work would be completed in the course of one week's time and that they would then be in a position to present a comprehensive report.

(2) **REMUNERATION PAID TO ALL PERSONS ACTING AS COMMISSIONERS SINCE THE INCEPTION OF THE H. E. P. C.:** Mr. Bonthron stated that he had experienced some difficulty in getting this information but that all data had been handed over to him this morning by the H. E. P. C. officials.

(3) **PROPAGANDA:** Nothing in reference to a report on this subject has been obtained which would in any way add to the statement made to the Inquiry Commission by Messrs. Clarkson, Gordon & Dilworth in August last.

Mr. Bonthron was instructed to discontinue any further action in reference to this work.

- (4) CAPITAL COST OF HIGH FALLS DEVELOPMENT: In this connection Mr. Bonthron informed the meeting that Mr. Gaby showed some reluctance to give a statement setting forth the original estimated cost of this development as compared with the final cost and requested a definite letter from the Inquiry Commission making an official request.
- (5) REPORT RE ESTIMATE OF CAPITAL EXPENDITURES: The report by Messrs Price Waterhouse & Company in this connection had not been continued owing to Mr. Gaby's reluctance to supply the information without an official request from the Inquiry Commission.
- (6) ESTIMATED POWER COSTS SUBMITTED TO MUNICIPALITIES: The report in this connection is not being continued on account of Mr. Gaby's reluctance to supply the information without an official letter of inquiry from the Commission.
- (With respect to items 4, 5 and 6, the following decisions were made:
- (a) That items 4 and 5 might more properly be taken care of by reports prepared by Mr. Walter J. Francis and that requests for the information would be dealt with as occasion arose.
- (b) That information required for the completion of report on item No. 6 should be secured immediately so that Messrs. Price, Waterhouse & Company might go on with their report and that an official request for this information would be submitted to the H. E. P. C. by this Commission.)
- (7) COST TO THE PROVINCE OF ONTARIO IN RESPECT OF THE FLOTATION OF BONDS FOR THE FINANCING OF H. E. P. C. UNDERTAKINGS: Mr. Bonthron informed the meeting that this report was not yet in progress as it necessitated his examination of records in the Treasury Department.
- The Chairman advised Mr. Bonthron that the Premier had given all necessary permission in this respect and that the work might now be proceeded with.
- (8) MONTHLY TRIAL BALANCES: Trial Balances for the last month of the fiscal year, namely October 31, 1922 would not be available for two or three months on account of the necessity of making a final check of all operations for the whole year.

In addition to the reports set forth above, Mr. Bonthron informed the meeting that he would be ready at a very early date to submit reports on -

The Thunder Bay System,
The Sandwich, Windsor & Amherstburg Railway,
The Port Credit & St. Catharines Railway and
The Toronto and Port Credit Railway.

and also reports on two other small radial railway undertakings.

He also stated that their report on capital and operating accounts in respect of the Niagara System was nearing completion and that their final report, which would include a comprehensive study of the general balance sheet accounts, should be completed within the course of ten (10) days or two (2) weeks.

Mr. Francis was called to the meeting at 11.45 A. M. and the discussion with Mr. Bonthron was continued, wherein he referred to the effect that the Ontario Power Company accident had had on the operations of the Niagara System.

Mr. Francis made the request that he hold a conference with Mr. Bonthron in connection with this particular subject, so that his report on the physical aspects of the accident might be linked up with the financial and operating conditions arising out of the accident.

Mr. Bonthron and Mr. Landis then withdrew from the meeting.

Mr. Francis presented to the meeting a letter signed by Mr. F. H. Mitchell, wherein it was stated that the physical inventory of equipment on the Chippawa development would be available by about January 15, 1923. It was decided that the Chairman of the Commission would see the Premier requesting that the report be made available before that date if at all possible.

Commissioner J. A. Ross informed the meeting that, in his opinion, it might be possible to use the temporary buildings, or parts of them, in connection with the proposed housing relief in the fire-stricken areas in Northern Ontario.

Mr. Francis stated that, in his opinion, certain of the buildings might be used for this purpose and that equipment and materials from others might also be used. He was asked to go into this matter with Mr. Alderson, who is directing this work in the interests of the Government.

Mr. Francis then presented his report being Chapter "G" entitled "Contract work and other construction procedure in connection with the Queenston-Chippawa Power Development." The report in general disclosed the reasons given by the H. M. P. C. engineers for their method of carrying out the work on this development on the basis of day labor instead of letting it by contract to privately-owned contracting companies. In connection with the discussion relating to the report, a letter from Sir William Hearst, to the H. M. P. C., requesting reasons for the procedure which they proposed to follow, and Mr. Gaby's reply thereto, came definitely under review.

Some discussion took place as to the nature of the public hearing to be held on Tuesday, December 19, in connection with the purchase of the Ontario Power Company. In view of the fact that it was considered possible that the hearing might be extended into an inquiry into the operations of the Ontario Power Company and its relation to the Niagara System, the Secretary advised

that preparation for the hearing could not be completed by Tuesday, December 19. The Secretary was instructed to go into the matter fully and arrange, if possible, that the meeting be held on Thursday, December 21.

It was decided that, in view of the public hearing on Tuesday, December 19, being cancelled, the Commission would hold a regular session on that date, at which Mr. Francis would be asked to present his report on the Ontario Power Company accident.

The meeting then adjourned.

Toronto,
19th December, 1922.

AGENDA

1. Minutes of previous meeting.
2. Business arising out of Minutes.
3. Report of Mr. Walter J. Francis, entitled "Accident, Ontario Power Company."
4. General Business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. H. J. Haney,
Mr. J. A. Ross,
Mr. E. A. Ross,
also the Secretary.

The minutes of the previous meetings of Thursday, December 14 and Friday, December 15, were read and approved.

The Secretary informed the meeting that the auditors, Messrs. Clarkson, Gordon & Dilworth, were using every effort to prepare an operating statement covering the operations of the Ontario Power Company for the fiscal year ending October 31, 1922. It was decided that, if this operating statement was completed in time, the hearing on Thursday, December 21 would be made to include the operations of the Company up until October 31, 1922.

Mr. Walter J. Francis was then called and presented his report entitled "Ontario Power Company - Report on Accident April 20, 1922. The report was considered in some detail and, from its very nature, it was apparent that the statements and recommendations made would have a very far-reaching and beneficial effect on the future construction of electrical generating equipment, provided the co-operation of the engineering profession and the manufacturers could be obtained, having in view the drafting standard specifications which would give reasonable assurance that accidents of a

19th December, 1922.

similar nature would be avoided in the future. Mr. Francis stated that, in his opinion, no person or persons were directly responsible for the failure having regard to the fact that the equipment had been manufactured and duly tested according to standard practice. Mr. Francis further informed the meeting that, in his opinion, the most effective action that could be taken would be to send a copy of the report to Mr. Durly of the Engineering Institute at Ottawa, with the suggestion that a committee of engineers and manufacturers be appointed to prepare standard specifications based upon the results of the experiments that have been carried out as recorded in the report. The Commission reserved decision as to what exact action should be taken.

Mr. Francis informed the meeting that, as a result of the recommendation made by Commissioner J. A. Ross that some of the temporary buildings at Chippawa might be used for housing purposes, he had endeavored to see Mr. Alderson and, not having been able to get in touch with him, he had written him fully on the subject and would report further as soon as a reply was received.

Mr. Francis was authorized to release a copy of his report, as referred to above, for the information of Mr. F. A. Gaby.

The Chairman informed the meeting that a report on the various inquiries made into the Central Ontario System had been prepared by Mr. Wegenast and was ready for presentation.

The Secretary informed the meeting that arrangements had been made for Mr. Bonthron, of Messrs. Price, Wetherhouse & Company, to be present at the offices of the Commission at three o'clock in the afternoon for the purpose of discussing in detail the financial report on the Ontario Power Company. It was decided that those Commissioners who could be present would be on hand at the time and place mentioned.

The Meeting then adjourned.

19th December, 1922.

Afternoon Session:

The Commission met at 3.00 P. M.

Present:

The Chairman,
Mr. M. J. Haney,
also the Secretary.

There were also present Mr. Scraggie and Mr. Hogg of the staff of the Commission.

Mr. Bonthron proceeded to give a synopsis of his report on the Ontario Power Company and the whole financial condition of the undertaking, including the operating of the plant, up until October 31, 1921 was gone into.

It was decided that at the public hearing to be held on Thursday,

21st December, 1922.

Mr. J. A. Ross,
Mr. R. A. Ross,
Also the Secretary.

The Legal Department was represented by Mr. Scroggie.

The meeting was in the nature of a public hearing held in the reception room at the Parliament Buildings, for the purpose of inquiring into the purchase of the Ontario Power Company by the Hydro-Electric Power Commission.

The witnesses called were:-

Mr. Bonthron, of Price, Waterhouse & Co.,
Mr. Clarkson, of Clarkson, Gordon & Dilworth,
Mr. Guilfoyle, of Clarkson, Gordon & Dilworth,
Mr. Walter J. Francis, consulting engineer of the Hydro-Electric Inquiry Commission,
Mr. Brandon, engineer in charge of the Electrical Department of the Hydro-Electric Power Commission,
Mr. W. W. Pope, Secretary Hydro-Electric Power Commission.

On account of Sir Adam Beck and Mr. Gaby not being present the hearing was adjourned at five o'clock, to meet at eleven o'clock Friday morning, December 22nd.

NOTE:- At the afternoon session, Commissioner M. J. Haney was not present.

22nd December, 1922.

The Commission met at 11:00 A.M.

Present:

The Chairman,
Mr. M. J. Haney
Mr. J. A. Ross
Mr. R. A. Ross
Also the Secretary.

The Legal Department was represented by Mr. Scroggie.

Sir Adam Beck and Mr. Gaby were called, but, not being present, Mr. R. T. Jeffrey advised that they were on their way to the hearing but had been delayed on their return from Hamilton.

Mr. W. W. Pope was then sent for to give evidence in reference to the purchase of the Ontario Power Company.

Mr. F. A. Gaby arrived in the meantime and was called to give evidence relative to various questions arising out of the hearing.

Sir Adam Beck did not appear and the hearing was adjourned sine die at 12.45.

First November, 1932.

Mr. J. A. Hume,
Mr. E. A. Hume,
Also the Secretary.

The legal department was represented by Mr. Hargrave.

The meeting was in the nature of a public hearing held in the
main room of the Hydro-Electric Commission, for the purpose of hearing
the evidence of the various witnesses of the Hydro-Electric Commission.
Witnesses.

The following witnesses were:-

Mr. Hargrave, of the Hydro-Electric Commission.

The Minutes of December 26th, 27th, 28th and 29th were read and approved.

The Secretary informed the meeting that arrangements had been made for the holding of a Public Hearing in the Parliament Buildings on Thursday 4th January, and that a subpoena in this connection had been issued for service on Sir Adam Beck, the hearing to be for the purpose of taking evidence from Sir Adam Beck in reference to the purchase of the Ontario Power Company and other questions relative to points raised in the Public Hearing at Cornwall. It was also decided that Mr. P. A. Gaby would be asked to appear at the same hearing. In order that evidence might be complete with reference to Central Ontario System it was decided that Mr. McGarry would also be asked to be present at that hearing.

The Secretary informed the meeting that tentative arrangements had been made for the holding of a Public Hearing in reference to the Sandwich Windsor and Amherstburg Railway Company in Windsor, on Thursday, 11th January. The proposal was approved and the Secretary instructed to make all necessary arrangements.

Under direction of the Chairman the Secretary then read to the meeting a letter, dated 6th December, from Sir Adam Beck stating that all information required by the Commission had been supplied to the Commission's engineers.

HYDRO-ELECTRIC INQUIRY COMMISSION

(229)

COPY FOR ENCLOSURE TO

2nd January, 1925.

The Secretary was directed to forward a copy of the letter to Mr. Walter J. Francis for definite report.

At the request of Commissioner Haney, the Secretary then read to the meeting a letter from Mr. Graham Bell, dated 11th December, requesting a report on various items re water shortage in the Central Ontario System. It was decided that request would be made to Mr. Walter J. Francis for a specific report on the questions raised and action deferred in forwarding same to Mr. Graham Bell until further consideration had been given by the Commission.

The Secretary informed the meeting that no reply had been received from Mr. Strachan Johnston to the Commission's letter making request that the books of the Electric Power Company be made available for inspection by the Commission's auditors but that in a telephone conversation Mr. Johnston had requested a copy of the Letters Patent bearing upon the appointment of the Inquiry Commission so that he might assure himself that the Commission had power to ask for this information. The Secretary reported that the Letters Patent had been forwarded and that Mr. Strachan Johnston would be followed for a definite decision in reference to the matter under discussion.

The Secretary was directed to have investigation made in the Provincial Secretary's Department in reference to returns which may have been made to the Government in regard to the Company's operations.

The Secretary then presented to the meeting a report dated 30th December "Memoranda re System Reports" and same was duly approved of as a basis of the work to be carried on by the Secretary's Department.

Mr. Wagonast was then called and presented in part his report re the Central Ontario System. The reading of the report was not completed and it was decided that it would receive further consideration at some future date.

The meeting was then adjourned.

3rd January, 1925.

AGENDA

1. Minutes of previous meeting.
2. Business arising out of minutes.
3. Mr. Bonthron, of Price, Waterhouse & Company - verbal report on insurance investigation and general review of progress of work.
4. General business.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,

10/10/1950

3rd January, 1923.

Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the previous Meeting were read and approved.

Mr. Bonthron was called and gave a verbal report as to the progress of his investigations into the insurance department of the Hydro-Electric Power Commission.

In addition to the points covered in the proposed report, Mr. Bonthron was requested to bring out clearly:

- (a) How much have the H. E. P. C. lost in respect of refund on premiums by not carrying on their insurance direct with insurance companies?
- (b) Make investigation into letter book of the insurance department.

After considerable discussion on all of the points arising out of the review, Mr. Bonthron reported as follows:

1. Report on Sandwich, Windsor & Amherstburg Railway would be ready for presentation on January 4.
2. Report on Thunder Bay System would be ready for presentation within one week.
3. Report on Toronto to Port Credit and Port Credit to St. Catharines Railways would be ready for presentation within one week.
4. Report on miscellaneous railway projects would be ready for presentation within one week.
5. Report on accounts of Niagara System would be ready for presentation within ten days.
6. General report would be ready for presentation within two weeks.

In addition to the above reports, Mr. Bonthron reported that the following are in hand and are proceeding as rapidly as possible.

1. Insurance Report.
2. Report bearing upon the finances of the Hydro-Electric Power Commission projects, having especial regard to the relations existing between the Treasury Department of the Government and the Hydro-Electric Power Commission of Ontario.
3. Report on power rates and estimates to municipalities.

The Secretary informed the Commission that definite arrangements had been made for Mr. McGarry to appear at the public hearing at the Parliament Buildings on Thursday, January 4th, but that, to date, the Sheriff had reported

that it was impossible to locate Sir Adam Beck in order to serve the necessary sub-poenas.

The Secretary further informed the Commission that the Sheriff's office was not always successful in serving sub-poenas at the time required and it might be necessary to employ other agencies in order to get the desired results. The Secretary was authorized to take any steps that might be necessary in this connection.

The meeting then adjourned.

4th January, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. A. J. Haney,
Mr. Lloyd Harris,
Mr. R. A. Ross,
also the Secretary.

The Legal Department was represented by Mr. Foster.

The meeting was in the nature of a public hearing, held in the reception room at the Parliament Buildings for the purpose of taking evidence from various persons in connection with -

- 1 - The purchase of the Central Ontario System;
- 2 - The Ontario Power Company;
- 3 - The St. Lawrence System.

Persons appearing and giving evidence on the subjects enumerated above were as follows:

Mr. McBarry,
Mr. Lucas,
Mr. Gaby,
Mr. Jeffrey,
Mr. Pope.

Sir Adam Beck, who was to appear, was not present and Mr. Gaby informed the meeting that Sir Adam was confined to his home on account of illness. Mr. Gaby stated, however, that Sir Adam should be available next week and the Secretary of the H. E. F. C. undertook to advise the Commission the earliest date that he would be available.

The meeting then adjourned.

5th January, 1923.

The regular morning sitting of the Commission was deferred. The Committee, consisting of Messrs. Lloyd Harris, M. J. Haney and R. A. Ross, was in session relative to questions surrounding the proposed contract covering the supply of power to the Great Lakes Paper Company, Limited.

It was decided that an afternoon session of the Commission would be called at 2.30 P. M.

AFTERNOON SESSION:

The Commission met at 2.30 P. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the previous meeting were read and approved.

The matter of reporting upon the Central Ontario System was then discussed and the Secretary informed the meeting that a report, in the form approved of by the Commission, under date of January 2nd, would be ready for presentation within ten days or two weeks. The Secretary was directed to use every effort to have the report ready for the meeting on Tuesday, January 16th.

After a discussion of matters in general surrounding the Central Ontario System, the meeting was adjourned at 3.30 o'clock.

The Commission met at 10.30 A. M.

9th January, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
also the Secretary.

The Legal Department was represented by Mr. Scroggie.

The Meeting was in the nature of a Public Hearing for the purpose of taking evidence from Sir Adam Beck, Chairman of the E. H. P. C., in reference to the purchase and operation of the Ontario Power Company.

Sir Adam Beck was the main witness but questions were answered by

9th January, 1923.

Mr. Gaby and Mr. Pope from time to time.

The Hearing was adjourned at 1 o'clock.

Toronto,
10th January, 1923.

AGENDA

- 1 - Minutes of the previous meeting.
- 2 - Business arising out of Minutes.
- 3 - Walter J. Francis - (a) verbal report in reference to general subjects;
(b) presentation of written report
"Bridges and Crossings, Queenston-Chippawa development."
- 4 - Mr. Brown of Price, Waterhouse & Co. - report on Sandwich, Windsor & Amherstburg Railway.
- 5 - Mr. Guilfoyle, of Clarkson, Gordon & Dilworth - presentation of operating statement for the year ending 31st October, 1922, relative to Sandwich, Windsor, & Amherstburg Railway.
- 6 - General Business.

The Commission met at 10.30 A. M.

Present:-

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
also the Secretary.

The reading of the minutes of the previous meeting was deferred.

Mr. W. J. Francis was called upon and gave a verbal report on various matters:

- (a) Mr. Francis reported that all information required was being supplied to him by the Engineers of the H. E. P. C. as quickly as required.

For January, 1951.

10th January, 1923.

- (b) Mr. Francis drew attention to his letter to the Commission of the 6th instant in reference to the delay occasioned his work on account of the non-receipt of the descriptive inventory of construction plant used on the Queenston-Chippawa Development. The Chairman informed the meeting that he had given a copy of Mr. Francis' letter to the Premier who promised to have the matter looked into immediately.
- (c) Mr. Francis informed the meeting that, if he was to give a full report at an early date on the questions raised relative to the water shortage in the Central Ontario District, as referred to in our letter of January 2nd, work on other reports would have to be delayed. He was instructed by the Commission to defer making his investigation and report until a more convenient time.

Mr. Francis then presented his report entitled "Bridges and Crossings" being Chapter J of the general series entitled "Quantities". The report was not read, but Mr. Francis pointed out to the Commission the outstanding features and informed the meeting that the matter of costs and all engineering phases will be discussed in a subsequent report. In discussing "Bridges and Crossings", the question arose as to what authority the Dominion Railway Board would have in such matters and what, if any, jurisdiction did the Ontario Government or local municipalities exercise in connection with the type of construction used in the Highway bridges.

Mr. Brown, of Messrs. Price Waterhouse & Company, was then called and gave a verbal review of the report on the Sandwich Windsor and Amherstburg Railway as prepared by Messrs. Price, Waterhouse, & Company. The Secretary informed the meeting that Mr. Southron, of Messrs. Price Waterhouse & Company would be present at the Public Hearing in Windsor on January 11th instant, and would present in detail the report reviewed by Mr. Brown.

Messrs. Clarkson and Guilfoyle, of Clarkson, Gordon & Dilworth were present during part of the report by Mr. Brown, and they made a request for an opportunity to discuss fully with Messrs. Price, Waterhouse & Company the proposed report in preparation by Messrs. Price, Waterhouse & Company, relative to the allocation of charges against the Ontario Power Company in respect of salaries paid to Commissioners and officials of the Hydro Electric Power Commission. It was arranged that a conference of this nature would be arranged at a conveniently early time.

Messrs. Clarkson and Guilfoyle were then called upon to present their operating statement of the Sandwich Windsor and Amherstburg Railway for the fiscal year ending October 1st, 1922. Following the general review on this statement, Mr. Clarkson informed the meeting that in his opinion the matter of setting aside renewal funds with respect to the undertaking was the

10th January, 1923.

most important item, and that the H. E. P. C. during the first period of operation even though they had built up a substantial surplus had no intention of setting up renewal funds and had only done so as a result of representations by Mr. Clarkson.

Speaking further with respect to renewal funds, it was brought out that during the operations for the year 1921, the operation of the Railway had shown substantial deficits which had been materially reduced by applying the renewal reserve amounts against this account. It was arranged that Mr. Guilfoyle would be present at the Public Hearing in Windsor on January 11th to present the statement in detail.

NOTE: Mr. Clarkson presented to the meeting a letter to the Hydro Electric Power Commission dated July 29th, 1919, and a letter to Mr. Drury dated June 1st, 1921, both of which had definite bearing upon the questions surrounding the acquisition of the Sandwich Windsor Amherstburg Railway.

The question as to the propriety of the action taken by the H. E. P. C. in voting certain commissioners and officials salaries as directors of the Ontario Power Company, Mr. Clarkson stated that he personally had always been very doubtful as to the legality of the action taken, but, having received confirmative legal advice on the subject, he had never reported against the action but had drawn it definitely to the attention of the Government in his special Auditor's Report of the Ontario Power Company during the year 1919.

The point also arose that statements were made by Sir Adam Beck that interested municipalities had passed a resolution whereby they had indicated their willingness that the salary of the Chairman be increased.

During the report by Mr. Francis on the descriptive inventory of the construction plant being constructed by Messrs. Mitchell and Hollinrake, an endeavour was made to have Mr. Gaby come to the meeting in order to discuss informally the matter of disposing of the equipment and temporary housing facilities used in the Queenston-Chippawa Development. Mr. Gaby promised to attend the meeting before its adjournment at one o'clock, but later telephoned that it would be impossible for him to be present and suggested that the matter be taken up some time during the trip of the Commission to Windsor.

The Secretary informed the meeting that everything was in readiness for the Hearing at Windsor, and presented to each Commissioner one copy of brief in respect of the Sandwich Windsor Amherstburg Railway and one copy each of the official statements of Messrs. Clarkson, Gordon and Dilworth and Messrs. Price, Waterhouse and Company.

The meeting adjourned at 1.30 o'clock.

16th January, 1923.

The Minutes of previous meetings were read and approved.

The Secretary brought to the attention of the meeting the following:

- (a) A letter signed by Mr. Jas. Fowler, dated Toronto, January 6th, 1923 making a request that certain matters be brought up during the inquiry. The Secretary informed the meeting that practically all the questions referred to in the letter were being taken care of.
- (b) A letter dated January 6th from Mr. W. J. Francis requesting action regarding the inventory of construction plant he being prepared by Messrs. Mitchell and Hollinshead. The Secretary informed the meeting that Mr. Francis had advised that Mr. Mitchell had delivered the documents to the Parliament Buildings yesterday afternoon. Mr. Wallis, Deputy Minister to the Premier, was immediately telephoned and arrangements made that the inventory be obtained for Mr. Francis at once.
- (c) A letter dated January 9th from Mr. W. J. Francis following the Commission's letter of January 2nd re answers to questionnaires. The Secretary was instructed to take the matter up with Commissioner R. A. Ross.
- (d) A letter dated January 15th from Mr. W. J. Francis re the H. E. P. C. expenditures in respect of accounts rendered by Messrs. Jeffrey and Dwyer in connection with their entry to Cornwall to give evidence at the hearing on the St. Lawrence system. After considering the matter, the Secretary was instructed to approve of the payment.

The Secretary informed the meeting that following arrangements made with Chairman Messrs. Molanig and Sullivan had been engaged at the rate of four dollars (\$4.00) per day to assist in the work of examining the files of the H. E. P. C. with respect to the various systems. These gentlemen are law students and their engagements may be terminated at any time. The arrangement was affirmed.

With respect to those persons employed by Mr. Wogenast on the special work of the Commission, the Secretary informed the meeting that the services of Mr. Kent, Barrister, had been obtained at the rate of \$12.50 per day, and also the services of Mr. C. R. Davis at the rate of \$7.00 per day for full time work, Mr. Davis being paid at the rate of \$1.00 per hour for broken time. The arrangements were approved and the Secretary directed to have the charges rendered to the Commission on the monthly bill of Mr. Wogenast, reimbursement to be made back to Mr. Wogenast. The Secretary also informed the meeting that Mr. Wogenast was not quite clear as to the basis of his remuneration, and the Board, in discussing the matter, came to the general conclusion that the arrangements as detailed in the Minutes of December 15th were equitable, and that the Chairman should, in the meantime, discuss the matter with Mr. Wogenast.

Mr. Wogenast was then called upon and gave a general review of his progress in the preparation of report and material regarding Public Hearing to be held for the purpose of taking evidence from persons employed on the construction of the Queenston-Chippewa Development, and others generally

familiar with the various phases of the work while it was in progress. It was provisionally decided that the Hearing should commence on or about Tuesday, January 30th, three sittings being held on three different days, - in Chippawa, Niagara Falls and Welland.

Mr. Wegenast said that he had made provisional arrangements with Mr. McBurney, City Solicitor for the Municipality of Niagara Falls, whereby the use of temporary accommodation and typewriter could be obtained when required. He further informed the meeting that Mr. McBurney might be of considerable help regarding inquiries being carried on in this district.

The Secretary was directed to arrange for a Public Hearing to conclude the taking of evidence in reference to the Sandwich, Windsor and Amherstburg Railway at the earliest date possible.

The meeting was then adjourned.

17th January, 1923.

The Commission then considered the possibility of making some reports to the Government in respect of specific questions as enumerated on the Letters Patent appointing the Commission. It was decided that a full discussion of the possibility of making such a report would take place at the next session when the matter would be brought up and reviewed with Mr. Francis present.

The Meeting adjourned at one o'clock.

The Commission met at 10.30 A. M.

PRESENT:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
Also the Secretary.

The reading of the minutes of the previous meeting was deferred.

Mr. Walter J. Francis and Mr. Frederick B. Brown continued the reading of their report on the Economics of the Central Ontario Section of the Central Ontario System. This being concluded, they then presented their report on the Nipissing Section of the same System.

In particular reference to the discussion arising out of the review of these reports, Commissioner Haney made the suggestion that a report should be made by the Consulting engineers, setting forth the relative costs of developing power at undeveloped sites in the Trent district as compared with the relative unit costs of developing power at one of the three sites on the French River, and the construction of a transmission line connecting such development

18th January, 1923.

with the Muskoka, Severn and Central Ontario Systems. Commissioner Haney stated that in making the proposal he had in mind the shortage of power likely to be experienced in the Central Ontario Section of the Central Ontario System, and the shortage existing at the present time in the Nipissing Section of the Central Ontario System, and that by the larger development possible on the French River, the capital cost per horse-power might be considerably reduced over that possible in making developments where much less power would be available.

The proposal was provisionally approved of by the Board and it was decided that the matter shall be gone into further after reports had been made by the consulting engineers in respect of the Muskoka, Severn, Wasdell, and Raguenia System.

The reading of the reports was concluded at 12.30 and consideration was next given to the possibility of making reports at an early date in reference to items (1) and three (3) referred to in the Letters Patent. In this connection, Mr. Francis stated that insofar as he was concerned the material necessary could be gotten together promptly and that he would consult with the H.E.P.C. officials and report back to the Board at the next meeting.

The Secretary informed the meeting that a public sitting had been arranged for in connection with the Public Hearing on the Sandwich, Windsor, and Amherstburg Railway, the sitting to take place at the Parliament Buildings at 10.30 o'clock on Friday morning, January 19th.

The Chairman informed the meeting that he had received a written request from Mr. Arthur Hawkes asking for the privilege to appear before the Commission and make certain representations. It was decided that Mr. Arthur Hawkes would be heard at the public hearing referred to above.

The meeting then adjourned.

TORONTO,
19th January, 1923.

1. Public Hearing -

Purchase and operation S. W. & A. Railway, held in the Reception Room at the Parliament Buildings, commencing at 10.30 o'clock in the forenoon.

Mr. Lloyd Harris,
Mr. R. A. Ross,
Also the Secretary.

The reading of the minutes of the previous meeting was deferred.

A general discussion took place as to the procedure to be followed in reference to public hearings and enquiries with reference to the Queenston-Chippawa development.

Mr. Walter J. Francis was present and stated that he was in a position to prepare a report setting forth the procedure that was followed by the engineers of the H. E. P. C. in preparing and submitting estimates in respect of the cost of construction work, and the submission of such estimates to the Board of the H. E. P. C. The same report to include a section setting forth the standard practices that should have been followed in preparing and submitting such estimates. Mr. Francis was asked to proceed with the preparation of the report at once.

COPY FOR ENCLOSURE TO

24th January, 1923.

The Secretary submitted to the meeting a letter addressed to the Chairman of the H. E. P. C. setting forth that information was asked for in the original questionnaire of April 26th, 1922 that had not been fully answered by the H. E. P. C. inasmuch as only documentary evidence had been submitted to the consulting engineer, and the statement making clear the whole history of the undertaking had not yet been submitted. The letter was amended rewritten and sent to the Chairman of the H. E. P. C.

The Secretary informed the meeting that arrangements would be made at once to have a member of the staff investigate the files of the H. E. P. C. and the files of the Government in an endeavor to disclose what record existed as between the H. E. P. C. and the Government in respect to the obtaining of appropriations, and other matters.

The meeting adjourned at 12 o'clock to meet again in the afternoon at 5 o'clock, for the purpose of interviewing Mr. Bonthron of Messrs. Price Waterhouse & Co.

25th January, 1923.

MORNING SESSION.

There was no regular meeting of the Commission in the morning. The Committee composed of Commissioners E. J. Haney, Lloyd Harris and R. A. Ross, met to deal with the proposed contract as between the H. E. P. C. and the Great Lakes Paper Co. Limited.

AFTERNOON SESSION.

The Commission met at 2.15 P. M.

Present:

Mr. W. D. Gregory, Chairman,
Mr. E. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The reading of the minutes of the previous meeting was deferred.

Mr. Walter J. Francis informed the meeting that the physical inventory of plant equipment, tools, etc. as prepared by Messrs. Mitchell & Hollinrake has been examined by him, and that he found that the inventory in so far as individual items were concerned, was identified with the original purchase invoices. He stated, however, that the inventory as a whole had not been compared with the plant account of the H. E. P. C. in order to establish how much of the plant and equipment originally purchased was still on hand. Mr. Francis pointed out that if such reconciliation was to be made it would involve a tremendous amount of work and expense.

25th January, 1923.

After a complete discussion, it was decided that Mr. Francis would in the alternative examine the plant and equipment records of the H. E. P. C. and accept the inventory of Messrs. Mitchell & Hollinrake as being a correct report of the materials at present on hand, and that the difference between the original records of the H. E. P. C. and the Mitchell Hollinrake report would be accepted as representing that equipment, material or supplies that had been lost or used up during the construction period.

The Commission then entered into an executive session with Mr. Francis, and the Secretary withdrew.

26th January, 1923.

The Commission met at 11 o'clock.

Present:

Mr. W. D. Gregory, Chairman,
Mr. H. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
Also the Secretary.

COPY

The reading of the minutes of the previous meetings was deferred.

The meeting was in the nature of an executive session.

The Secretary recommended to the meeting that the services of a well experienced lawyer be obtained, whose duty it would be to become thoroughly acquainted with every phase of the different Acts, under which the H. E. P. C. carry on operations, and in addition to devote himself particularly to the preparation of legal data in reference to the Queenston-Chippewa development. The recommendation was approved of by the Commission and the Chairman informed the meeting that he had already made an endeavor to obtain the services of such a man, and would continue his efforts in this regard.

The Secretary informed the meeting that the general report on the Central Ontario System would be ready for presentation at the next meeting of the Commission. The Commission requested that copies be given each member for examination, and that the matter be definitely dealt with at the meeting on Tuesday, January 30th.

At 11.45 A. M. the committee composed of Commissioners H. J. Haney,

26th January, 1923.

Lloyd Harris and R. A. Ross entered into a session on the proposed contract as between the H. E. P. C. and the Great Lakes Paper Co. Limited. The session of the Commission adjourning at that time.

The following is a summary of the subject's activities.

1st February, 1923.

No regular session of the Commission was held.

The Chairman and Commissioners M. J. Haney and R. A. Ross interviewed the Premier in reference to the appointment of Counsel to assist in certain phases of the work of Inquiry.

2nd February, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of all previous meetings not before submitted to the Board were read and approved.

The Secretary presented a report dated January 31st, being a memorandum addressed to the Chairman, setting forth the proposed program in reference to the submission of reports by the Secretary to the Commission.

In discussing the reports to be submitted in regard to Insurance, the Secretary was directed to instruct Messrs. Price, Waterhouse & Co. to immediately prepare their report on this subject, and not wait for further details, as to remuneration received by insurance brokers, in respect of policies covering H.E.P.C. undertakings.

In connection with the inquiry into expenditures made on account of publicity and general propaganda of the H.E.P.C. by Messrs. Clarkson & Guilfoyle, a general discussion took place on this subject. The Secretary was directed to have a preliminary report prepared setting forth the expenditures made by the H.E.P.C. in respect of preliminary work in connection with the radial railways.

The Secretary was also directed to take the necessary steps to have a report prepared in reference to taxation, as paid by the H.E.P.C., comparing same with that which would be paid by private companies.

The Chairman informed the meeting that the Government approved in principle, the appointment of Counsel to undertake special duties in connection with the Inquiry. The selection and appointment of the Council to be made at the discretion of the Commission.

The Secretary informed the meeting that a report in the form of an eighteen page letter had been received by the Consulting Engineer, Mr. Walter J. Francis, signed by the Chief Engineer of the H. E. P. C. which purported

to be the answers to Questions 1 to 5 inclusive, as set forth in the Commission's letter of April 26th, 1922, and that Mr. Francis was proceeding to analyse same and use it in connection with other material in his possession in the preparation of a report on estimates, to be submitted to the Commission at the earliest date possible.

The Secretary was directed to draft a letter for the signature of the Chairman, to the Chairman of the H. E. P. C. requesting answers to all other questions referred to in the Commission's letter of April 26th, and further requesting that the Chairman of the H. E. P. C. state if the letter by Mr. F. A. Gaby was to be considered as an official communication from the Chairman of the H. E. P. C.

The Meeting adjourned at 1.30 o'clock.

6th, 7th, 8th February, 1923.

On these dates a Public Hearing was held in the City Hall at Niagara Falls, Ontario, when various witnesses were called to give evidence in reference to general conditions, during the period that the Queenston-Chippawa development was under construction.

Other witnesses were called representing the City of Niagara Falls to give evidence in reference to the taxation applying to various plants and works owned and controlled by the H. E. P. C.

Representatives of the Township of Stamford gave evidence in reference to collection of taxes from the H. E. P. C. in respect of works owned and controlled by the H. E. P. C.

On Tuesday and Wednesday, February 6th and 7th, the following members of the Commission were present:-

The Chairman,
Mr. E. J. Haney,
Mr. J. A. Ross,
Mr. E. A. Ross.

On Thursday Mr. J. A. Ross was not present. Throughout the hearing Mr. F. W. Egenast was present, and the Secretary was present on Wednesday and Thursday.

The Hearing was adjourned sine die at 4.45 o'clock Thursday afternoon, February 8th.

9th February, 1923.

removed to the 10th February, and the meeting was held on the 10th.
The Commission met at 11 o'clock.

Present:

The Chairman,
Mr. E. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the meeting on Friday, February 2nd, were read, amended and approved.

The Meeting was in the nature of a general session consideration being given to the program of work for the immediate future.

The Secretary informed the meeting that a report on estimates by Mr. Walter J. Francis was in course of preparation, and would be ready for presentation about Tuesday, February 13th.

The Secretary was questioned as to the progress being made in preparing for public hearings on other matters. In this connection, the Secretary informed the Meeting that Mr. McAndrew was preparing a brief in connection with expenditures made by the H. E. P. C. in respect of preliminary surveys, investigations and other work in connection with the proposed radial railways. He further informed the meeting that a definite request had been received from the Town of Sunnville, Ontario, asking for an opportunity to appear before the Commission with reference to certain matters relative to their relations with the H. E. P. C. In this connection the Commission directed the Secretary to arrange for a public hearing at the earliest date possible in reference to the two subjects mentioned above.

The Chairman informed the meeting that Mr. E. W. Howell would act as Counsel for the Commission if required. He further stated that arrangements had been made for Mr. Allan to undertake the work of preparing particulars for public hearings to be held in connection with the Quincevton-Chippewa development. In this connection the Chairman stated that Mr. Howell was familiar with the abilities of Mr. Allan and would be willing to use his services in connection with these hearings, in which Mr. Howell would act as Counsel.

Remuneration for Mr. Allan's services to the Commission to be on the basis of \$5.00 per hour for the time actually spent on the work in the Commission's behalf. The arrangement outlined above was approved of by the Commission.

The Chairman informed the Meeting that arrangements had been made for Mr. McAndrew to assist the Chairman in the preparation of the Commission's

reports to the Government, and when not engaged on this work, to assist in the preparation of other material or to make such reports and investigations as delegated to him, from time to time, by the Secretary. The Chairman stated that no definite arrangement had been made as yet as to remuneration, as this would largely depend upon the amount of time Mr. McAndrew could devote to the work.

The arrangement made with Mr. McAndrew was approved by the Commission.

The Secretary was directed by the Commission to notify Mr. Wegenast that further work in reference to the Hearing held in Niagara Falls, Ontario, on February 6th, 7th and 8th would not be required at the present time. The Secretary was directed to have prepared for the information of the Commission a report setting forth the amounts of money spent by the H. E. P. C. and charged to the Government Account.

The Secretary reported to the Commission that reports on the Ontario Power Co. and the Sandwich, Windsor & Amherstburg Railway would be ready for presentation during the month of February.

The Secretary informed the Meeting that a letter dated February 1st, had been received signed by Sir Adam Beck Chairman of the H. E. P. C. enclosing copy of report dated January 29th, as submitted to Mr. Walter J. Francis, the report being the same as that referred to in the Minutes of February 2nd.

The Meeting then adjourned.

15th February, 1923.

Mr. R. A. Ross,

also the Secretary.

The Minutes of the previous meeting together with the Minutes covering the period, February 6th, 7th and 8th, were read and approved.

The Secretary informed the Meeting that the report on estimates by Mr. Walter J. Francis would be ready for presentation at the meeting on Wednesday, February 14th.

Mr. Bonthron of Messrs. Price, Waterhouse & Co. was then called, and gave a verbal review of the following reports, as prepared by Messrs. Price Waterhouse & Co.:-

- (a) General report on investigation of financial accounts.
- (b) Report on investigation of Insurance Department.

In connection with the discussion arising out of the review of the Insurance Report, Mr. Bonthron was requested to obtain and supply to the Commission the following information:

1. When did the William Beardmore Co. Toronto, obtain insurance in the amount of \$1,125,000 in respect of certain radial railways from the H. E. P. C.
2. Prepare a general review setting forth the exact manner in which the routine business of the Insurance Dept. of the H. E. P. C. was conducted, prior to the recent date when the system conducting the affairs of the Department was changed.
3. With respect to fire insurance, prepare a statement showing to what extent the H. E. P. C. have benefitted or experienced losses due to placing their insurance with private companies.

Arising out of the general discussion relative to the reports above mentioned, the question of taxation came under review. In this connection Mr. Bonthron was asked to make a preliminary and general investigation in respect to the obligation of the H. E. P. C. to pay taxes, and to give a detailed statement of the H. E. P. C.'s position in this matter in reference to taxes paid to the City of Niagara Falls and the Township of Stamford, in respect of works controlled by them, in this district.

During the general discussion regarding the general report on investigation of financial accounts, Mr. Bonthron was asked to supply certain information regarding the cost of power to the Niagara System, as a result of the Queenston-Chippawa development. Mr. Bonthron in discussing the subject used as reference Price, Waterhouse & Co.'s report entitled "Niagara

13th February, 1925.

System Report, dated January 24th, 1925, upon changes in investment in capital assets and estimates results from operation for the ten months ending August 31, 1922."

The main item under discussion in this respect was consideration of the amount charged into power costs in respect of sinking funds. Referring to Page 23 of the report referred to above, Mr. Bonthron pointed out that on an assumed capital cost of \$70,000,000 the amount per horse power per annum

- (a) On a fifty-year basis would be 93¢ per h.p.
- (b) On a sixty-year basis would be 89¢ per h.p.

The Commission directed that figures based on the latest estimated final costs of the development be prepared for thirty, forty, fifty and sixty year bases.

In connection with the question regarding the cost of power on account of the Queenston-Chippawa development there also came under review questions regarding disposition of interest charges with respect to capital and operating charges.

In discussing Price Waterhouse & Co.'s conclusions in reference to the possibility of establishing a flat rate throughout the Province for power sold to municipalities, Mr. Bonthron was asked to prepare a statement setting forth the total investments of the H. E. P. C., segregated into separate amounts in respect of

- (a) Power development.
- (b) Transformer stations and Transformer lines.

Mr. Bonthron then reported to the Commission that the following reports at present under progress by Price, Waterhouse & Company, would be completed in the course of three weeks:

- (a) Investigation into relations existing between the H. E. P. C. and Provincial Treasurer's Department.
- (b) Report in reference to estimates on actual costs of power to municipalities.
- (c) Reports on Minutes of H. E. P. C.

Mr. Bonthron then withdrew from the Meeting.

Consideration was then given to the date on which a public hearing would be held with reference to the Insurance Department of the H. E. P. C. It was decided however, that the settlement of a definite date would be made when extra information requested from Mr. Bonthron was received.

The meeting then adjourned.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Once a plan of action has been developed, the next step is to implement the plan. This involves carrying out the steps that have been identified in the plan and monitoring the progress of the implementation. Finally, the last step in the process is to evaluate the results of the implementation. This involves determining whether the problem has been solved and whether the resources have been used effectively.

14th February, 1923.

AGENDA

1. Minutes of the previous meeting.
2. Business arising out of the Minutes.
3. Report by Mr. Walter J. Francis in reference to H. E. P. C. estimates covering construction work on the Queenston-Chippawa development.
4. General Business.

14th February, 1923.

The Commission met at 11 o'clock.

Present:

The Chairman,
Mr. H. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The reading of the Minutes of the previous meeting was deferred.

Mr. Walter J. Francis was called upon and presented part one of Chapter "E" of engineering data, being report entitled "Costs" Analysis of Systems" together with part two of the same report being appendices, as referred to in part one.

In addition to the above documents he left for the information of the Commission copy No. 4 of the report of consulting engineers on Queenston-Chippawa development, as submitted to the Hon. E. C. Drury, under cover of letter dated January 21st, 1921, and copy No. 4 being a general report and estimate of the Queenston-Chippawa development.

Only part one of the report was presented, the discussion of same occupying the whole morning session, it being arranged that the second half of part one would be presented to the Commission at the session on Thursday morning, February 15th, together with Engineering Report on the Eugenia System.

The Secretary was directed to make a request to the Secretary of the H. E. P. C. for a copy of his letter to Sir William Hearst, dated February 5th, 1918, and copy of letter from Sir William Hearst to which the letter of February 5th was a reply.

The meeting adjourned at 1.30 o'clock.

15th February, 1923.

AGENDA

1. Minutes of the previous meeting.
2. Business arising out of the Minutes.
3. Presentation of reports by Messrs. Walter J. Francis and Frederick B. Brown, as follows:-
 - (a) Engineering Report on Eugenia System.
 - (b) Continuation of Engineering Report on Analysis of Systems.
4. General Business.

The Commission met at 11 o'clock.

Present:-

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The Minutes of the meeting on the 14th inst. were read and approved, and the Minutes of the 13th inst. as amended were also read and approved.

Messrs. Walter J. Francis and Frederick B. Brown were then called upon, and presented their report on the Economics of the Eugenia System. The report was read and fully discussed.

Mr. Francis was called upon and presented the second half of his report being Part I, of Chapter K, "Costs" "Analysis of Systems". This part of Mr. Francis' report deals solely with the request made by the H.E.P.C. to the Government from time to time for monies in respect of the Queenston-Chippawa development.

Mr. Francis was directed to submit a copy of his report on estimates to Mr. F. A. Gaby, Chief Engineer of the H.E.P.C.

The Secretary on being requested as to what progress was being made in preparing material in reference to a public hearing on estimates, informed the meeting that Mr. Allan was familiarizing himself with the various statutes, and with the report just tabled by Mr. Francis the work by Mr. Allan could be carried to a conclusion.

The Meeting adjourned at 1.30 o'clock.

16th February, 1923.

There was no regular session of the Commission held on this date, but informal conferences were held at which were present:

The Chairman,
Commissioners,
M. J. Haney,
Lloyd Harris,
R. A. Ross,
also the Secretary.

20th February, 1923.

No regular session of the Commission was held on this day, on account of the Committee consisting of Commissioners Lloyd Harris, M. J. Haney and R. A. Ross meeting in conference Hydro Electric Commission representatives of Port Arthur and Port William, and representatives of the Government in connection with the proposed agreement with the Great Lakes Paper Co. Limited.

21st February, 1923.

The Commission met at 10.30 o'clock.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

Mr. Latimer was also present.

The session was in the nature of a public hearing held in the reception room of the Parliament Buildings for the purpose of hearing representations from the Utilities Commission of the Town of Dunnville, Ontario, in connection with the representations made, certain officials of the H. E. P. C. also gave evidence.

Following the evidence given by the Dunnville Commission the hearing was continued and enquiry made into monies spent by the H. E. P. C. in respect of Hydro Electric Railways. In this connection the following witnesses were called upon: Messrs. Clarkson and Guilfoyle, Mr. F. A. Gaby and Mr. Pierdon.

- Mr. D. D. White
- Also the Secretary

The reading of the Minutes of the previous meeting was postponed.

The Secretary presented the report of the Committee on the progress of the work of the Committee during the past year. The report was approved by the Committee. The Secretary was authorized at 1:30 to meet again at 10:30 o'clock at 10:30 o'clock, Thursday, 10/10/2001.

22nd February, 1923.

The Secretary informed the meeting that following informal discussions with the Commission, the balance of accommodation on the second floor at 36 King St. E. had been acquired at a rental of \$150.00 per month, and arrangements made that accommodation would be available for Mr. J. B. Allen and Mr. McAndrew. The arrangement was approved of by the Commission.

The Meeting adjourned at 5.45 o'clock.

27th February, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary

The meeting was in the nature of a public hearing held in the Parliament Buildings for the purpose of taking evidence from various persons.

The first witnesses called were parties interested in properties which had been owned by the Georgian Bay Power Company, which controlled the majority of the lands and rights now controlled by the H. E. P. C. where is now located the development known as the Eugenia Power Plant.

The witnesses then appeared as representatives of the Georgian Bay Milling & Power Co. of Meaford, Ontario, who made representation to the Commission in regard to the recent action of the municipality of Meaford in entering into a contract with the H. E. P. C. for a supply of power and thus putting at an end the obtaining of power from Georgian Bay Milling & Power Co.

As a first witness in the afternoon, which session commenced at 2.30 o'clock, Mr. F. J. Hannigan was called and gave evidence in reference to the part played by him in the campaign carried on in the latter part of 1922, in reference to Hydro Radial By-laws, on which were voted by the municipalities on January 1st, 1923.

Following the taking of evidence on the subjects noted above Sir Adam Beck was called and gave evidence in reference to expenditures made by the H. E. P. C. in respect of the campaign carried on during the latter part of 1922 with respect to Hydro Radials Voted upon by municipalities as at January 1st, 1923. In this connection the main witnesses called upon were the Premier, E. C. Drury, the Deputy Prime Minister Mr. Horace Wallis, Commissioner Col. Carmichael, M. P. P.

27th February, 1923.

Following the taking of evidence from these witnesses, Sir Adam Beck made reply to questions that had been raised by representatives of the Georgian Bay Power Company and the Georgian Bay Milling & Power Co.

The Hearing was adjourned at 6.15 o'clock to meet again at the same place at the hour of 10.30 A. M. on Thursday, March 1st.

28th February, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The reading of the Minutes of the previous meeting was deferred.

Mr. Richards of Gunn, Richards & Co. New York, requested an interview with the Commission and was granted same. He offered to the Commission the services of his organization, with respect to investigations being carried on by the Commission. No arrangement was arrived at, but Mr. Richards offered to send samples of his work to the Commission for their consideration.

The Commission, on the retirement of Mr. Richards, next dealt with the draft report as prepared by the Chairman for the Government on the Central Ontario System. The report as written was generally discussed and with a few minor changes adopted as written. It was decided that a section would be added to the report as written, summarizing in a brief way the outstanding features dealt with in the report.

The Commission next dealt with the question of hearings to be held in connection with the Queenston-Chippewa development. The Secretary informed the meeting that a public hearing on estimates in connection with this subject would probably be ready for the latter part of next week. In discussing the matter it was decided that Mr. N. W. Rowell would act as Counsel for the Commission at that hearing, and in connection with such other hearings as or if required.

The Secretary informed the meeting that his report to the Commission on the Sandwich, Windsor & Amherstburg Railway would be ready for presentation on Friday, March 2nd, and that report on the Guelph Radial Railway would be ready for presentation some time during the following week.

The Meeting adjourned at 1.05 o'clock.

1st March, 1923.

The Commission met at 10.30 o'clock.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The meeting was in the nature of a public hearing, being a continuation of the meeting adjourned on Tuesday, February 27th.

The first witness called was Mr. Arthur Hawkes who continued the giving of evidence in connection with representations being made by him, which were discontinued at the public hearing of Thursday morning, February 22nd.

Following the evidence given by Mr. Arthur Hawkes, Messrs. Clarkson and Guilfoyle were then called and gave evidence in answer to statements made by Mr. Hawkes.

The hearing continued until 1.40 o'clock, at which hour it was adjourned sine die.

2nd March, 1923.

The Commission met at 10.30 o'clock.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

The report on the Central Ontario System was tabled for consideration by the Commission. After a full discussion of same the Report was duly signed by all Commissioners and the Secretary instructed to have necessary copies made of same, official copy to be sent to the Government with one copy of Price, Waterhouse & Co's report and one copy of the report by Walter J. Francis; other copies to be forwarded to daily newspapers of the Province to be released for publication on Tuesday, March 6th.

The Secretary informed the meeting that Mr. W. T. Moore had made a request for permission to bring further witnesses from Hearford to give evidence relative to the subject taken up at the Public Hearing on Tuesday, February 27th. The Secretary was instructed to inform Mr. Moore that the Commission considered that no further evidence was required in the matter.

The Secretary informed the meeting that the public hearing on insurance would be held in the week of Monday, March 5th. No definite date was set for this.

The meeting then adjourned.

6th March, 1923.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. J. A. Ross,
Mr. R. A. Ross,
also the Secretary.

Minutes of all previous meetings not recorded as read were read and approved.

The Secretary tabled a letter dated February 15th from The Ottawa Electric Company wherein a request was made for a public inquiry into certain matters as detailed in the letter. The Secretary was directed to arrange for a Public Hearing for Saturday, March 10th.

The Secretary informed the meeting that Mr. Walter J. Francis and Mr. Brown would table their report on the St. Lawrence System at the meeting on Wednesday, March 7th, and that Mr. J. B. Allen was in a position to discuss with the Commission at the meeting on Thursday, March 8th, all details in reference to the Public Hearing re Estimates, Queenston-Chippawa Development, and that Mr. M. W. Rowell would be available for interview with the Commission at the same time. The Secretary further stated that the Public Hearing on the subject could be held on Tuesday, March 13th. Arrangements outlined above were approved.

The Secretary further informed the meeting that arrangements had been made for the Public Hearing on Insurance Department, Hydro-Electric Power Commission of Ontario, to be held on Friday, March 9th. The proposal was approved of.

The Chairman informed the meeting that arrangements had been made with the Attorney-General that remuneration in respect of services rendered the Commission by Mr. McAndrew would be on the basis of an account taxed by the Government Taxing Officer. The arrangement was approved of.

Consideration was next given to the Secretary's report on the Sandwich, Windsor & Amherstburg and the Windsor & Tecumseh Railways. The report was accepted as written, and Mr. McAndrew was called and instructed to proceed with the drafting of a report for the Commission to the Government in respect of this subject.

The Chairman informed the meeting that the Government had requested him to make a report in reference to the progress of the Commission's work and to give some idea as to the length of time that the inquiry to be made would take. It was decided that the Commission, accompanied by the Consulting Engineer, Mr. Walter J. Francis, and the Secretary, would meet members

6th March, 1923.

of the Government to discuss the matter. The Chairman thereupon made an appointment with the Attorney-General for four o'clock in the afternoon.

The meeting then adjourned.

NOTE - The Chairman and Commissioners M. J. Honey, J. A. Ross and R. A. Ross together with Mr. Walter J. Francis and the Secretary met members of the Government in the Premier's office and discussed in detail the progress of the work of inquiry.

7th MARCH, 1923.

The Secretary informed the meeting that Mr. J. T. Gunn, Secretary of the Electrical Workers Union had made application for a hearing on several subjects as detailed in a memorandum presented to the Commission by the Secretary, and as to be confirmed by a letter from Mr. Gunn. The request of Mr. Gunn was approved of and the Secretary directed to arrange for a public hearing on Tuesday, March 13th.

The Secretary informed the meeting that a brief in reference to the Insurance Department was completed and the hearing on this subject would be held on Friday, March 9th. The proposal was approved of and the Secretary directed to make all necessary arrangements.

Mr. Frederick B. Brown then presented his report on the St. Lawrence System, which report was read by Mr. Brown and fully discussed by the Commission.

The Secretary informed the meeting that the report on the Guelph Radial Railway would be ready for the consideration of the Commission during the week of March 12th.

TORONTO,
MARCH 12th, 1923.

The Commission met at 10.30 A. M.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. R. A. Ross,
also the Secretary.

The Meeting was in the nature of a public hearing held at the request of the Ottawa Electric Company for the purpose of hearing representations from them relative to the administration of the local Hydro System at Ottawa by the local Hydro Commission and the Hydro Electric Power Commission of Ontario.

Representatives of the Company were first heard in the persons of Mr. Henderson, K. C., Mr. Dion and Mr. D. R. Street. Mr. R. T. Jeffrey of the H.E.P.C. also gave evidence. The Ottawa Hydro Commission was represented by its Chairman, Mr. J. A. Ellis and others.

The Hearing was concluded at 5.45 P. M.

NOTE

The H.E.P.C. made request that the Hearing set for March 13th be postponed until March 14th. Their request was complied with and arrangements made with the Electrical Worker's Union for the postponement.

MARCH 13th, 1923.

The reading of the minutes of the previous meetings was deferred.

Mr. Walter J. Francis was called and gave a verbal review of the progress of his engineering work and studies and stated in a general way that all facts relating to the Queenston-Chippawa development would have been obtained and reported upon to the Commission some time during the early part of the month of May, and that after that it was only a question of the Commission giving directions as to what further analysis in the way of engineering opinions and deductions should be made.

The Commission in discussing the subject directed Mr. Francis to push the work with all possible speed so that they might be able to analyse the statement of fact as submitted by him on the whole Queenston-Chippawa work at the earliest date possible.

Mr. Francis next presented to the Commission his report entitled the "Ontario Power Co. of Niagara Falls," being volume entitled "Description of plant." The report was read by Mr. Francis and discussed in full. Mr. Francis requested permission to present copy of same to Mr. F. A. Gaby, Chief Engineer of the H.M.P.C. which request was approved of by the Commission.

The Secretary informed the meeting that the hearing for the purpose of taking evidence from the Canadian Electrical Workers Union would be held in the Parliament Buildings on Wednesday, March 14th, commencing at 10.30 A.M.

The Secretary further informed the meeting that Mr. H. W. Rowell and Mr. J. B. Allen would be in a position to interview the Commission in reference to the public hearing to be held on estimates on Thursday March 15th, and that it was on account of doctor's orders that Mr. H. W. Rowell was prevented from proceeding with the public hearing on this subject this week, and that he would undertake this duty the early part of the following week.

The meeting then adjourned.

TORONTO,

Mr. R. A. Ross,
also the Secretary.

MARCH 14th, 1923.

The Meeting was in the nature of a public hearing held in the reception room of the Parliament Buildings to hear representations made on behalf of the Electrical Workers Union by Mr. J. T. Gunn.

The H.E.P.C. were represented by Mr. I. B. Lucas, Mr. Don Carlos, Mr. McLaughlin and others, who gave evidence from time to time.

Mr. Robertson, Secretary of the Canadian Underwriters' Association was also present and made certain statements.

The Hearing adjourned at 4 o'clock.

TORONTO,
MARCH 15th, 1923.

The Commission met at 3 P. M.

Present:

The Chairman,
Mr. W. J. Nancy,
Mr. Lloyd Harris,
Mr. R. A. Ross,
also the Secretary.

The Meeting was held at the residence of Mr. H. W. Rowell for the purpose of discussing with him and Mr. J. B. Allen the public hearing to be held in connection with estimates, and request for appropriation in respect to the Queenston-Chippawa development.

The subject was gone into fully, it being provisionally decided that the hearing would be held on Tuesday, March 20th, and that advice would be sent to the H.E.P.C. regarding the nature of the hearing and the fact that Mr. H. W. Rowell would conduct the proceedings on behalf of the Commission.

The Meeting adjourned at 5.45 P. M.

TORONTO,
MARCH 16th, 1923.

MARCH 16th, 1923.

The Commission met at 11.30 o'clock.

Present:

The Chairman,
Mr. E. J. Haney,
Mr. Lloyd Harris,
Mr. E. A. Ross,
also the Secretary.

The Meeting was in the nature of a general discussion regarding the public hearing to be held on Tuesday, March 20th for the purpose of enquiring into the matter of estimates and requests for appropriation made by the Hydro Electric Power Commission in respect of the Queenston-Chippawa development.

The Chairman read to the Commission a letter of instruction to Mr. H. W. Howell, regarding the nature of his duties in acting for the Commission at this and other hearings, and also a letter to Lt.-Col. Dougall Carmichael informing him, in the absence of the Chairman, Sir Adam Beck, that Mr. Howell will be used at certain hearings, and enclosing a copy of the letter to Mr. Howell above referred to.

The Secretary informed the Meeting that a letter had been sent to Mr. Pope under even date, notifying him of the hearing and naming the members and officials of the H.E.P.C. who were requested to be present.

The letters referred to above were approved of by the Commission.

The remainder of the Meeting was taken up in a general discussion largely relating to further information required in connection with Hydro Radial expenditures. The Secretary tabled a letter from Mr. McCordick of St. Catharines, a letter from Mr. Wardrop, Chairman of the Taxpayers Association, Hamilton, and a letter from the City Clerk, Niagara Falls, all in reference to this matter.

The Secretary informed the Meeting that steps were being taken to gather together all data and information for the purpose of concluding public hearings in reference to Hydro Radials. The proposal was approved of and the Secretary was directed to bring the matter to a conclusion as quickly as possible.

The Meeting then adjourned.

TORONTO,

MARCH 20th, 1923.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. R. A. Ross,
also the Secretary.

The Meeting was in the nature of a public hearing held in the reception room of the Parliament Buildings for the purpose of inquiring into Estimates and Appropriations made and asked for, in connection with the Queenston-Chippawa development by the H.E.P.C.

The examination of witnesses was conducted by Mr. N. W. Rowell.

The main witness throughout the session was Mr. W. W. Pope, Secretary of the H.E.P.C. Other officials of the Commission gave evidence from time to time.

Official stenographic notes of the Hearing were taken by Mr. Coe, assisted by representatives of Nelson, Hutchner & Co.

The session adjourned at 4.30 o'clock to be resumed at two o'clock, Wednesday March 21st.

NOTE

It was at the request of the H.E.P.C. that the resumption of the Hearing was placed for 2 P.M. instead of 10.30 A.M. the regular time.

TORONTO,
MARCH 21st, 1923.

The Commission met at 2.00 o'clock.

Present:

The Chairman,
Mr. M. J. Haney,
Mr. Lloyd Harris,
Mr. R. A. Ross,
also the Secretary.

The session was in the nature of a continuation of the Public Hearing in reference to estimates and requests for appropriations in respect of the Queenston-Chippawa development, continued from the adjournment on Tuesday, March 20th.

Mr. N. W. Rowell conducted the examination of witnesses.

MARCH 26th, 1923.

The Secretary then tabled a memorandum bearing date March 21st, 1923, being in effect an analysis of report presented to the Commission by Mr. Walter J. Francis entitled "Description of Plant, Ontario Power Company." The memorandum sets forth an analysis of actual cost of work in connection with the Third Pipe Line, as compared with original estimates. In submitting the memorandum the Secretary requested direction as to the necessity of using same as the basis for a public hearing in connection with examining officials of the H.E.P.C. with respect to the differences between estimated costs and actual costs. The proposal was approved of and the Secretary directed to arrange for public hearing, same to be conducted by Mr. N. W. Howell.

The Secretary then informed the Meeting that a tentative report on Hydro Electric Radial Railway expenditures had been prepared, and presented for consideration a memorandum dated March 21st, setting forth questions yet to be answered or settled upon, and suggested that a public hearing be arranged for, in order that the subject might be covered fully. The proposal was approved of, the Secretary being directed to proceed and make all necessary arrangements.

Commissioner R. A. Ross then submitted for the attention of the Commission a memorandum bearing date March 26th, 1923, entitled Memorandum re Report System. In connection with the subject matter of this memorandum the Chairman advised the Commission that reports on the Sandwich, Windsor & Amherstburg Railway and Guelph Radial Railway had been prepared for his attention, by Mr. J. A. McAndrew and the Secretary and that he had already revised the report on the Sandwich, Windsor & Amherstburg Railway, and same was now being finally typed and would be presented to the Commission for its consideration at the earliest date possible.

Mr. N. W. Howell was then called upon for interview and he outlined in a brief way certain proposals with respect to the public hearing on Estimates and Appropriations. The proposals made by Mr. Howell were approved of.

The Chairman then informed Mr. Howell that it was proposed that he should conduct a hearing with reference to Estimates and Costs with respect to the Third Pipe Line of the Ontario Power Co. and Mr. Howell was asked to observe the memorandum bearing date March 21st, referred to above as being presented to the Board by the Secretary. Mr. Howell stated that he would be in a position to go into this matter immediately upon the conclusion of the Hearing on Estimates and Appropriations.

Mr. Howell then requested instructions with respect to further hearing regarding the Queenston-Chippawa development. The Secretary informed the meeting that a memorandum would be prepared setting forth the proposal in this connection within the course of a few days, outlining the hearing that it would be possible to hold prior to the receipt from Mr. Francis of his final reports with respect to analysis of costs and other details. The Secretary was instructed to proceed with the memorandum referred to, so that the exact nature of the hearing to be held could be decided upon.

26th March, 1923.

AFTERNOON SESSION.

The Meeting was in the nature of a public hearing held in the reception room of the Parliament Buildings commencing at 2.15 P. M., being the continuation of the Public Hearing on Estimates and Appropriations.

Mr. Rowell conducted the examination of witnesses.

Mr. F. A. Gaby was the chief witness called.

The meeting adjourned at 4.30 o'clock to be resumed at 10.30 o'clock on Tuesday, March 27th.
